

SHTF + HANDGUARD COVER - SHTF+ SHORT HANDGUARD COVER BLACK

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Rail Covers](#)

An Easy Add-On That Keeps Your Free-Float Handguard Cool

If you've ever left your free-float handguard-equipped rifle out in the hot sun or put a bunch of rounds through it quickly, you know that your forend can get hot pretty fast. In fact, it can get hot enough that it's uncomfortable or impossible to get a solid support grip on your gun at times, which significantly impacts shooter effectiveness. That's why the SHTF + Stop Heat TransFer Wrap handguard cover is a must-have for those with handguards that warm up quickly. Each SHTF + Stop Heat TransFer Wrap handguard cover wraps around 9-15 inches of a rifle's handguard, preventing heat transfer and keeping a shooter's support hand cool. The wrap uses a specially developed thermal-insulating material that not only protects against heat but also prevents scratches and dings to your gun when used against barricades. Additionally, those using guns in extremely cold weather will also enjoy the protection it provides against freezing-cold metal handguards. Though the SHTF + Stop Heat TransFer Wrap handguard cover was designed for the AR-15, it will also work on FALs, Sterling submachine guns, M1 Garands and M14s, as well as any other rifle with a thin handguard that heats up quickly after rapid fire. Black and coyote-brown colors are available. The SHTF+ Short Handguard Cover is perfect for those SBRs, AR pistols, or BRN-180S uppers.

SHTF + HANDGUARD COVER Safety Instruction Guide

Introduction

Thank you for choosing the SHTF + HANDGUARD COVER. This product is designed to enhance the safety and comfort of your shooting experience by preventing heat transfer from your rifle's handguard. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure the product is compatible with your firearm before use. The SHTF + HANDGUARD COVER is designed for AR15s but can also fit other rifles with similar handguards.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Keep the handguard cover away from open flames and high heat sources to avoid damage.
- Regularly inspect the handguard cover for wear and tear. Replace it if you notice any damage.
- Store the handguard cover in a cool, dry place when not in use.

Specific Safety Precautions for Use

- Use the handguard cover only when the firearm is in a safe and stable position.
- Avoid touching the handguard cover while firing, as it may become hot during use.
- Always ensure that the handguard cover is securely attached before use to prevent it from slipping or detaching.
- Be cautious when using firearms in extreme temperatures, both hot and cold, as this may affect your grip and control.
- Keep the handguard cover away from children and unauthorized users.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Clean the handguard area of your firearm to remove any dirt or debris.
- Position the SHTF + HANDGUARD COVER around the handguard, covering 915 inches as needed.
- Secure the cover in place using the provided fastening mechanism, ensuring it is snug but not overly tight.

2. Usage:

- Before firing, check that the handguard cover is securely attached.
- When firing, maintain a proper grip on the firearm, avoiding direct contact with the handguard cover if it becomes hot.
- After use, allow the handguard cover to cool before handling it.

Disposal Instructions

- Dispose of the SHTF + HANDGUARD COVER in accordance with local waste disposal regulations.
- Do not incinerate the product as it may release harmful substances.
- If the product is damaged, ensure it is disposed of safely to prevent any potential hazards.

Contact Information for Further Support

For any safety inquiries or support related to the SHTF + HANDGUARD COVER, please refer to the manufacturer's contact details provided with your purchase.

Conclusion

By following these safety instructions, you can ensure a safer and more enjoyable shooting experience with your SHTF + HANDGUARD COVER. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important guidelines.
