

SHTF + HANDGUARD COVER - SHTF+ SHORT HANDGUARD COVER COYOTE BROWN

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Rail Covers](#)

An Easy Add-On That Keeps Your Free-Float Handguard Cool

If you've ever left your free-float handguard-equipped rifle out in the hot sun or put a bunch of rounds through it quickly, you know that your forend can get hot pretty fast. In fact, it can get hot enough that it's uncomfortable or impossible to get a solid support grip on your gun at times, which significantly impacts shooter effectiveness. That's why the SHTF + Stop Heat TransFer Wrap handguard cover is a must-have for those with handguards that warm up quickly. Each SHTF + Stop Heat TransFer Wrap handguard cover wraps around 9-15 inches of a rifle's handguard, preventing heat transfer and keeping a shooter's support hand cool. The wrap uses a specially developed thermal-insulating material that not only protects against heat but also prevents scratches and dings to your gun when used against barricades. Additionally, those using guns in extremely cold weather will also enjoy the protection it provides against freezing-cold metal handguards. Though the SHTF + Stop Heat TransFer Wrap handguard cover was designed for the AR-15, it will also work on FALs, Sterling submachine guns, M1 Garands and M14s, as well as any other rifle with a thin handguard that heats up quickly after rapid fire. Black and coyote-brown colors are available. The SHTF+ Short Handguard Cover is perfect for those SBRs, AR pistols, or BRN-180S uppers.

SHTF + Handguard Cover Safety Instruction Guide

Introduction

Thank you for choosing the SHTF + Handguard Cover. This product is designed to enhance your shooting experience by providing protection against heat transfer, scratches, and dings. Please read this safety instruction guide carefully to ensure safe and effective use of the handguard cover.

General Safety Guidelines

- **Product Safety:** This handguard cover is designed to ensure safe use during shooting activities. Always follow the instructions provided to avoid potential risks.
- **Enhanced Recalls:** In case of any safety concerns or product recalls, please stay informed through official channels.
- **Online Shopping:** If purchased online, ensure the platform complies with safety standards equivalent to physical stores.
- **Special Consumer Focus:** This product is not intended for children. Ensure that it is used only by responsible adults.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Stay updated on any safety alerts regarding this product through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Heat Awareness:** The handguard cover is designed to reduce heat transfer. However, always check the temperature of your handguard before handling it.
- **Proper Grip:** Ensure that your support hand is cool before gripping the handguard. Avoid direct contact with hot surfaces.
- **Installation:** Follow the installation instructions carefully to ensure the cover is securely attached to the handguard.
- **Inspection:** Regularly inspect the cover for any signs of wear or damage. Replace it if it shows significant wear.
- **Use in Cold Weather:** When using in extremely cold weather, be aware that metal handguards can still be cold to the touch. Use caution when handling.

Instructions for Installation and Usage

1. Installation:

- Clean the handguard surface to ensure proper adhesion.
- Align the SHTF + Handguard Cover with the handguard, ensuring it covers the desired area (915 inches).
- Wrap the cover securely around the handguard, making sure it fits snugly without any gaps.
- Press down firmly to ensure adhesion.

2. Usage:

- Before use, ensure the cover is securely attached and there are no loose ends.
- During shooting, monitor the temperature of the handguard and take breaks if necessary to avoid overheating.
- After use, allow the handguard to cool down before removing the cover.

Disposal Instructions

- Dispose of the handguard cover in accordance with local regulations regarding plastic and textile waste.
- Do not incinerate the product, as it may release harmful fumes.
- If the product is damaged or no longer needed, consider recycling options where available.

Contact Information for Further Support

For any questions or concerns regarding the SHTF + Handguard Cover, please refer to the contact information provided with your purchase or on the product packaging. Always ensure that you are following the latest safety guidelines and instructions.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the SHTF + Handguard Cover!
