## Mount a Scout Style Light in the Perfect Position

Designed especially for the M300 and M600 Surefire Scout lights, the Arisaka Offset Scout Mount for KeyMod is perfect for mounting a light at the 45-degree position. The mount is also compatible with the Arisaka 300 and 600 series lights as well as the Streamlight Protac Rail Mount 1, 2, and HL-X lights. The mount replaces the factory Picatinny adaptor with a low profile offset mounting option. The Arisaka Offset Scout Mount uses BMC's patented inverted KeyMod screws to keep the mount to a very manageable 0.20" thick. Color: Black Fits: KeyMod 6061 T-6 Aluminum construction Length: 1.265" Weight: 0.4 oz The ultra slim Offset Scout Mount also features three lateral positions that allow up to a 0.24" mounting position from the center of the mount to clear accessories or back up iron sights.

# OFFSET SCOUT MOUNT ARISAKA DEFENSE PICATINNY OFFSET SCOUT MOUNT Safety Instruction Guide

## Introduction

Thank you for choosing the Arisaka Offset Scout Mount. This guide provides essential safety instructions and information to ensure the safe use and installation of your product. Please read this guide carefully before use to understand the potential hazards and the correct procedures to follow.

## General Safety Guidelines

- Ensure that the Offset Scout Mount is compatible with your specific light model before installation.
- Always inspect the mount for any signs of damage or wear before use. If damaged, do not use the product.
- Keep the mount and its components out of reach of children to prevent accidents.
- Use the product only for its intended purpose as described in this guide.
- Report any unsafe product experiences or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Installation Surface:** Ensure that the mounting surface is clean and free of debris to allow for a secure attachment.
- **Weight Limit:** Do not exceed the recommended weight limit for the light mounted on the Offset Scout Mount.
- **Tightening Screws:** Use the appropriate tools to tighten screws securely, but do not overtighten to avoid damaging the mount or the firearm.
- **Positioning:** Be cautious of the 45degree mounting position; ensure that it does not obstruct your line of sight or access to other equipment.
- **Accessory Clearance:** Ensure that there is adequate clearance for any accessories or backup iron sights when using the lateral mounting positions.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and components.
- Ensure that you are working in a safe environment.

### 2. Installation:

- Remove the factory Picatinny adaptor from your firearm.
- Align the Arisaka Offset Scout Mount with the KeyMod slots on your firearm.
- Secure the mount using the BMC's patented inverted KeyMod screws, ensuring they are tightened appropriately.

### 3. Mounting the Light:

- Attach your Surefire Scout light (M300 or M600 series) or compatible light to the mount.
- Adjust the light to the desired angle, ensuring it is securely fastened.

### 4. Final Checks:

- Inspect all connections and ensure everything is secure before use.
- Test the light to confirm it operates correctly in the mounted position.

## **Disposal Instructions**

- Dispose of the Offset Scout Mount and any packaging materials in accordance with local regulations.
- Do not dispose of electronic components in regular household waste. Check for proper recycling facilities in your area.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the Offset Scout Mount, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure the safe and effective use of your Arisaka Offset Scout Mount. Thank you for your attention to safety and enjoy your product!
