# LOCK RING WRENCH Safety Instructions

## Introduction

Thank you for purchasing the LOCK RING WRENCH by LEE PRECISION. This safety instruction guide is designed to ensure the safe use of the wrench and to inform you of important safety guidelines, precautions, and disposal instructions. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always use the LOCK RING WRENCH as intended and according to the instructions provided.
- Ensure that the wrench is in good condition before use. Do not use if damaged or worn.
- Keep the wrench out of reach of children and unauthorized users.
- Use the wrench in a welllit area and ensure your workspace is clear of obstacles.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the wrench.
- Be aware of your surroundings and avoid using the wrench in wet or slippery conditions.
- If you experience any discomfort or pain while using the wrench, stop using it immediately and consult a professional.

## Specific Safety Precautions for Use

- Ensure that the locking or bushing you are working with is compatible with the LOCK RING WRENCH.
- Do not apply excessive force when using the wrench, as this may lead to injury or damage to the tool or the component being worked on.
- Always ensure that the wrench is securely engaged with the locking before attempting to loosen or tighten.
- Do not use the wrench for purposes other than those specified in this guide.
- If you are unsure about how to use the wrench safely, seek assistance or guidance from a qualified individual.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials.
- Ensure the workspace is clean and organized.

### 2. Using the LOCK RING WRENCH:

- Position the wrench over the locking or bushing.
- Ensure that the wrench is properly aligned and securely engaged with the locking.
- Turn the wrench counterclockwise to loosen the locking or clockwise to tighten it.
- Apply even pressure to avoid slipping or damaging the locking.
- Once the locking is loosened or tightened, remove the wrench and check the fit.

### 3. PostUse:

- Clean the wrench after use to remove any debris or residue.
- Store the wrench in a dry place, away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of the LOCK RING WRENCH in accordance with local regulations.
- If the wrench is no longer usable, consider recycling it if possible.
- Do not dispose of the wrench in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's contact information provided with the product packaging. Ensure you keep the product details and any purchase information handy for reference.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of the LOCK RING WRENCH. Always prioritize safety and do not hesitate to seek help if needed. Thank you for choosing LEE PRECISION!
