# **BREECH LOCK UPDATE KIT LEE PRECISION 11/2" 12 BREECH LOCK UPDATE KIT Safety Instructions**

## **Introduction**

Thank you for purchasing the BREECH LOCK UPDATE KIT from LEE PRECISION. This kit is designed to enhance the functionality of your reloading press by allowing the use of Lee's Breech Lock quickchange bushing feature. To ensure safe and effective use of this product, please carefully read and follow the safety instructions outlined in this guide.

## **General Safety Guidelines**

- Always use the BREECH LOCK UPDATE KIT according to the manufacturer's instructions.
- Ensure that the kit is compatible with your specific reloading press model before use.
- Keep the kit and all components out of reach of children and vulnerable individuals.
- Regularly inspect the kit for any signs of wear or damage before each use.
- Do not modify the kit or use it in a way that is not recommended by the manufacturer.
- Report any unsafe products or accidents to the appropriate authorities.

## **Specific Safety Precautions for Use**

- Verify that your removable press bushing/adapter size is correct (1 1/2"12 or 1 1/4"12) before installation.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the kit.
- Avoid using the kit in damp or wet conditions to prevent electrical hazards.
- Ensure that the workspace is clean and free from obstructions to avoid accidents.
- Do not exceed the recommended torque specifications when installing the breech lock adapter.
- If you experience any unusual resistance or difficulty during installation, stop immediately and consult the instructions.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Gather all necessary tools and components, including the breech lock adapter, spline drive lockring eliminator, and lockring wrench.
- Ensure that your reloading press is clean and free of any debris.

### **2. Installation for 1 1/2"12 Breech Lock Update Kit:**

- Remove the existing bushing/adapter from your press.
- Install the 1 1/2"12 breech lock adapter into the press.
- Use the spline drive lockring eliminator to secure the adapter in place.
- Tighten the adapter using the lockring wrench, ensuring it is securely fastened.

### **3. Installation for 1 1/4"12 Breech Lock Update Kit:**

- Remove the existing bushing/adapter from your press.
- Install the 1 1/4"12 breech lock adapter into the press.
- Use the spline drive lockring eliminator to secure the adapter in place.
- Tighten the adapter using the lockring wrench, ensuring it is securely fastened.

### **4. Usage:**

- Once installed, you can use the Breech Lock quickchange bushing feature as intended.
- Always follow safe reloading practices and consult your reloading press manual for specific operating procedures.

## **Disposal Instructions**

- Dispose of the kit and any damaged components in accordance with local regulations.
- Do not dispose of the kit in regular household waste. Check for local recycling programs or hazardous waste disposal options.

## **Contact Information for Further Support**

For further assistance or inquiries regarding safety or installation, please refer to the manufacturer's contact information provided with your product packaging.
