# PACESETTER RIFLE THREEDIE SET SAFETY INSTRUCTIONS

## Introduction

Thank you for purchasing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This guide provides essential safety instructions and usage information to ensure your safe and effective use of the product. Please read this document carefully before using the die set.

## General Safety Guidelines

- Always handle reloading equipment with care and follow all safety instructions.
- Ensure that the workspace is clean, welllit, and free from distractions.
- Store all reloading components, including this die set, out of reach of children and pets.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Be aware of potential hazards associated with reloading, including exposure to lead and other chemicals.
- Regularly check for any recalls or safety alerts concerning your products via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Before using the die set, read all instructions thoroughly to understand the operation of each component.
- Inspect the die set for any signs of damage or wear before each use. Do not use damaged components.
- Always ensure that the reloading press is securely mounted and stable before beginning the loading process.
- Keep your hands and body clear of the press and die area when operating the equipment.
- Use the correct caliber and type of components as specified in the instructions to avoid malfunctions or accidents.
- Avoid distractions while reloading and do not rush the process.
- Do not exceed recommended load data, as this may lead to dangerous conditions.

## Instructions for Installation and Usage

### Installation

1. **Prepare Your Workspace:** Ensure your reloading bench is clean and organized.
2. **Mount the Press:** Securely attach your reloading press to the bench, ensuring it is stable.
3. **Install the Dies:**
  - Remove the locking nut from the die.
  - Insert the Full Length Sizing Die into the press and tighten the locking nut.
  - Repeat this for the Bullet Seating Die and Factory Crimp Die, ensuring they are properly adjusted.
4. **Attach the Universal Shell Holder:** Place the appropriate shell holder in the press.

### Usage

1. **Full Length Sizing:**
  - Insert an empty cartridge case into the shell holder.
  - Operate the press to size the case.
  - Remove the sized case and inspect it for any defects.
2. **Bullet Seating:**
  - Insert a bullet into the mouth of the sized case.

- Place the case back into the shell holder.
- Operate the press to seat the bullet to the desired depth.

### **3. Factory Crimping:**

- Insert the seated cartridge case into the shell holder.
- Operate the press to apply a crimp to the case, ensuring a secure fit.

### **4. Cleaning and Maintenance:**

- After use, clean the dies with a soft cloth to remove any debris or residue.
- Store the die set in a cool, dry place to prevent rust and damage.

## **Disposal Instructions**

When disposing of reloading components or packaging, follow local regulations regarding hazardous materials. Ensure that any lead or chemical residues are handled according to safety guidelines to prevent environmental contamination.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the PACESETTER RIFLE THREEDIE SET, please consult the manufacturer's website or customer service resources for assistance. Always refer to the EU Safety Gate platform for updates on product safety and recalls.

Thank you for prioritizing safety while reloading. Enjoy your experience with the PACESETTER RIFLE THREEDIE SET!
