

# BREECH LOCK BULLET SIZER KIT - LEE PRECISION BREECH LOCK BULLET SIZER BOTTLE ADAPTER

[Reloading](#) > [Bullet Casting](#) > [Lube & Sizer Dies](#)

Kit includes the mounting body incorporating the Lee quick change Breech lock feature. The body accepts our new low cost bullet sizer and punch. The new sizing die is hardened steel, and specially tapered to reduce sizing effort. The sizing die is retained in the mounting body with a dual threaded bottle adapter. Bullets are sized nose first; this is the most accurate and causes the least distortion. Best of all, no special top punches are required. Will seat and crimp gas checks while sizing. Great for powder coated or liquid lubricated bullets. Fits any Breech Lock equipped reloading press. If you don't have a Breech lock press, but it has a removable die bushing, update it with the 1 1/4-12 or 1 1/2-12 Lee Breech lock update kit. OPTIONAL catch bottle and cap adapter speeds sizing by capturing completed bullets on other Breech Lock equipped single stage presses.

## Attributes

- Name: [LEE PRECISION BREECH LOCK BULLET SIZER BOTTLE ADAPTER](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100040836
- Mfr. No.: 91151

# BREECH LOCK BULLET SIZER KIT Safety Instruction Guide

## Introduction

Thank you for choosing the BREECH LOCK BULLET SIZER KIT by LEE PRECISION. This product is designed to help you size bullets efficiently and accurately. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure safe use of the product by following all instructions.
- Always wear appropriate safety gear, including eye protection, when operating this equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any wear or damage to the equipment before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of injury from moving parts when operating the sizer.
  - Sharp edges on the bullet sizer and punch can cause cuts.
  - Improper handling of the equipment may lead to malfunctions.
- **Avoiding Hazards:**
  - Always ensure the equipment is securely mounted before use.
  - Do not attempt to modify or disassemble the product.
  - Use the product only for its intended purpose as described in this guide.
  - Do not overload the sizer with excessive force; let the tool do the work.
  - Ensure that the work area is clean and free from distractions.

## Instructions for Installation and Usage

- **Installation:**
  1. Ensure the reloading press is turned off and unplugged (if applicable).
  2. Attach the mounting body to the reloading press according to the manufacturer's instructions.
  3. Insert the sizing die into the mounting body and secure it using the dual threaded bottle adapter.
  4. Ensure the bullet sizer and punch are correctly positioned before use.
- **Usage:**
  1. Place the bullet into the sizing die, ensuring it is seated correctly.
  2. Operate the reloading press slowly and steadily to size the bullet nose first.
  3. Check the size of the bullet after each operation to ensure consistency.
  4. If using gas checks, ensure they are seated properly while sizing.
  5. After use, clean the equipment to remove any residue.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs for metal and plastic materials.
- Ensure that all components are disposed of safely to prevent any environmental hazards.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the BREECH LOCK BULLET SIZER KIT, please refer to the manufacturer's contact details provided in the product packaging.

By following these guidelines, you can ensure a safe and effective experience with your BREECH LOCK BULLET SIZER KIT. Thank you for your attention to safety.
