

PRO 4000 PRESS KITS - LEE PRECISION 44 SPECIAL, 44 MAGNUM

PRO 4000 PRESS KIT

[Reloading](#) > [Reloading Presses](#) > [Progressive Presses](#)

A true progressive press for less than the cost of a premium single stage press. Includes Lee 3 die Carbide set, shell plate, Universal Case Feeder, Auto-Drum Powder Measure, Safety Prime, everything you need to start reloading. Easy to use with no adjustments. View quick start guide and product instructions. Modular construction allows as much or as little automation as the operator desires with no adjustments. Cartridge changeover in seconds, including primer size with no adjustments. Breech Lock quick change feature in all four positions with no adjustments. Exclusive auto case placer with no adjustments. Through ram primer disposal with convenient built-in primer disposal tube. Includes four colored spline drive breech lock bushings. Includes large and small priming arms. Includes ergonomic, wood grip roller handle. Others charge nearly \$50.00 for this comfort feature. Includes hex wrench for caliber changes with built in storage rack for tools. Others charge nearly \$30.00 for the tools and storage rack alone! User has to make initial die adjustment into the Breech Lock bushings. Once set, the Breech Lock system allows for instant change.

PRO 4000 PRESS KIT Safety Instructions

Introduction

Thank you for choosing the PRO 4000 PRESS KIT by Lee Precision. This document provides essential safety instructions to ensure the safe and effective use of your reloading press. Please read this guide carefully and keep it for future reference.

General Safety Guidelines

- Always ensure the press is used in a wellventilated area.
- Keep the work area clean and free from clutter to avoid accidents.
- Store all tools and materials safely when not in use.
- Do not allow children or unauthorized individuals to operate the press.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when reloading.
- Be aware of your surroundings and ensure that there are no distractions while operating the press.
- Regularly inspect the press and all components for signs of wear or damage before use.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The reloading process involves handling materials that can be hazardous if not used properly.
- Ensure that all components are compatible with the press and intended cartridges.

- **Avoiding Hazards:**

- Do not exceed the recommended load limits for the press.
- Ensure that all dies and accessories are securely fastened before starting the reloading process.
- Use only the recommended types of powder and primers specified in the instructions.
- Never leave the press unattended while in use.
- If you experience any unusual noises or resistance during operation, stop immediately and inspect the press.

- **AgeSpecific Warnings:**

- This product is intended for use by adults only. Minors should not operate the press unless under the supervision of a qualified adult.

Instructions for Installation and Usage

1. Installation:

- Place the press on a sturdy, stable work surface.
- Ensure that all mounting hardware is securely attached and that the press is level.
- Install the Lee 3 die Carbide set according to the provided instructions.

2. Setup:

- Attach the Universal Case Feeder and AutoDrum Powder Measure.
- Set up the Safety Prime feature as instructed.
- Familiarize yourself with the Breech Lock quick change feature.

3. Reloading Process:

- Follow the quick start guide to load your first cartridge.
- Ensure proper cartridge changeover, including primer size, without adjustments.
- Use the exclusive auto case placer for efficient operation.
- Dispose of spent primers using the builtin primer disposal tube.

4. PostUse:

- After reloading, clean the press and surrounding area.
- Store all components and tools in their designated places.

Disposal Instructions

- Dispose of all used materials, including spent primers and powder, in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash.
- Consult your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the PRO 4000 PRESS KIT, please contact the manufacturer directly. Ensure you have your product details ready for a more efficient response.

Thank you for taking the time to read these safety instructions. Your safety is our priority, and we hope you enjoy using your PRO 4000 PRESS KIT responsibly and effectively.
