# Safety Instruction Guide for Lee Precision Automatic Processing Press Swage Punches

## Introduction

Thank you for choosing the Lee Precision Automatic Processing Press (APP) Swage Punches. These replacement swage punches are designed specifically for use with the Lee Automatic Processing Press. This guide provides important safety instructions and information to ensure safe and effective use of the product. Please read and follow all guidelines carefully to maximize safety and performance.

## General Safety Guidelines

- Ensure that the swage punches are compatible with your Lee Automatic Processing Press before use.
- Always inspect the swage punches for any damage or wear before installation.
- Use the swage punches only for their intended purpose as described in the product documentation.
- Keep swage punches out of reach of children and pets to prevent accidents.
- Follow all local regulations regarding the use and disposal of metal products.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling and using the swage punches.
- Avoid using excessive force when installing or removing the swage punches to prevent injury or damage.
- Ensure that the work area is clean and free from obstructions to minimize the risk of accidents.
- Do not attempt to modify or alter the swage punches in any way.
- Always keep hands and other body parts clear of moving parts during operation.
- If you notice any unusual noise or vibration during use, stop immediately and inspect the equipment.

## Instructions for Installation and Usage

### 1. Installation of Swage Punches:

- Ensure the Lee Automatic Processing Press is turned off and unplugged before installation.
- Remove any existing punch from the press by following the manufacturer's instructions.
- Align the new swage punch with the mounting hole in the press.
- Securely fasten the swage punch in place according to the manufacturer's guidelines.

### 2. Using the Swage Punches:

- Plug in the Lee Automatic Processing Press and turn it on.
- Follow the specific instructions for operation provided with the press.
- Feed the material to be swaged into the press, ensuring it is properly aligned.
- Operate the press according to the manufacturer's instructions, applying steady pressure until the swaging process is complete.

### 3. PostUsage Care:

- After use, turn off and unplug the press.
- Carefully remove the swage punch and inspect for any wear or damage.
- Clean the swage punch and the press area to remove any debris or residue.
- Store the swage punches in a safe, dry place away from children and pets.

## **Disposal Instructions**

- Dispose of any damaged or worn swage punches in accordance with local regulations.
- Do not throw swage punches in regular household waste; check for metal recycling options in your area.
- Ensure that all packaging materials are disposed of responsibly, following recycling guidelines where applicable.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the Lee Precision Automatic Processing Press Swage Punches, please refer to the product documentation or contact the retailer from which the product was purchased.

Stay informed about product recalls and safety updates by checking the EU Safety Gate platform regularly.

By following these safety instructions, you can ensure the safe and effective use of your Lee Precision Automatic Processing Press Swage Punches. Thank you for your attention to safety!
