

# POWDER MEASURE BOTTLE ADAPTER - LEE PRECISION POWDER MEASURE BOTTLE ADAPTER

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Powder measure bottle adapter fits all Lee powder measures. Powder Measure Bottle Adapter on Auto-Drum Powder Measure Allows dispensing powder directly from the shipping container of most popular powder manufactures. Includes a crystal clear bottle that holds over a half a pound of ball powder. Works on all of these and many more. (53mm or 43mm thread) Dispensing powder directly from the bottle assures positive identification of the powder type. Adapter is manufactured from Polypropylene, resistant to attack from all types of powder. Now you can turn off the powder flow and store your powder in its original container with no fear of misidentifying or damage to your hopper from chemical attack. Viewing window allows monitoring powder level in use without removing bottle.

# POWDER MEASURE BOTTLE ADAPTER SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the Powder Measure Bottle Adapter by Lee Precision. This product is designed to enhance your reloading experience by allowing you to dispense powder directly from its shipping container. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and understand the product manual before use.
- Keep the product out of reach of children and vulnerable individuals.
- Ensure that the workspace is clean and free from distractions while using the product.
- Use the product only for its intended purpose.
- Regularly inspect the product for any signs of wear or damage before use.
- In case of any malfunction or damage, discontinue use and contact the manufacturer.

## Specific Safety Precautions for Use

- Ensure that the adapter is securely attached to the powder measure before dispensing.
- Do not exceed the recommended load capacity of the bottle.
- Always doublecheck the type of powder being used to avoid crosscontamination.
- Avoid inhaling powder dust; use in a wellventilated area and consider wearing a mask.
- Store powders in their original containers when not in use.
- Do not mix different types of powders in the same container.
- Dispose of any powder spills immediately and safely to prevent accidents.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your workspace is clean and dry.
- Remove the cap from the powder bottle.
- Align the adapter with the thread on the bottle (53mm or 43mm) and screw it on securely.
- Attach the other end of the adapter to the powder measure, ensuring it is tightly fitted.

### 2. Usage:

- With the adapter securely in place, you can begin dispensing powder.
- To dispense, open the flow mechanism on the powder measure.
- Monitor the powder level through the viewing window without removing the bottle.
- Once finished, turn off the powder flow and store the powder in its original container.

### 3. Cleaning:

- After use, detach the adapter and clean it with a soft cloth.
- Avoid using harsh chemicals that may damage the polypropylene material.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not throw the product in regular household waste.

- Check with local waste management authorities for proper disposal methods for plastic products.

## **Contact Information for Further Support**

For any questions or concerns regarding the Powder Measure Bottle Adapter, please refer to the manufacturer's contact information provided with the product packaging. You may also visit the official website for additional resources and support.

By following these guidelines, you can ensure a safe and effective experience with your Powder Measure Bottle Adapter. Thank you for your attention to safety!
