# Safety Instruction Guide for HEX BUSHING FOR CLASSIC CAST PRESS

## Introduction

Thank you for choosing the HEX BUSHING FOR CLASSIC CAST PRESS by LEE PRECISION. This product is designed to provide a threaded adapter for standard 7/814 dies, ensuring compatibility with the Classic Cast Press product 90998. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- If you notice any defects or issues, discontinue use immediately and contact customer support.
- Ensure that you are using the product in a wellventilated area to avoid inhalation of any fumes.
- Be aware of your surroundings and ensure that the workspace is clear of unnecessary hazards.
- Follow all local regulations and guidelines related to the use of reloading equipment.

## Specific Safety Precautions for Use

- Use only compatible dies with the HEX BUSHING to avoid malfunction or accidents.
- Do not exceed the recommended load limits for the Classic Cast Press.
- Wear appropriate safety gear, including safety glasses and gloves, when operating the press.
- Ensure that the bushing is securely attached before starting any operation.
- Avoid loose clothing or jewelry that may get caught in the machinery.
- Always keep hands and other body parts clear of moving parts during operation.
- Do not modify the product in any way, as this may compromise safety.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the Classic Cast Press is turned off and unplugged before installation.
- Remove any existing bushing from the press if necessary.
- Align the HEX BUSHING with the press and insert it into the designated slot.
- Secure the bushing by tightening it according to the manufacturer's specifications.
- Confirm that the bushing is firmly in place and does not move when pulled.

### 2. Usage:

- Prepare your workspace by ensuring it is clean and organized.
- Select the appropriate 7/814 die for your reloading needs.
- Attach the die to the HEX BUSHING, ensuring a snug fit.
- Follow the specific instructions for your Classic Cast Press to operate the machinery safely.
- Monitor the process closely to ensure that everything is functioning correctly.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not throw the product in regular household waste.
- If the product is no longer usable, consider recycling it if possible.

- Always check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions, concerns, or to report unsafe products, please reach out to the designated contact point for safety inquiries. Ensure you have your product details handy for a more efficient response.

By following these safety instructions, you can help ensure a safe and effective experience with your HEX BUSHING FOR CLASSIC CAST PRESS. Thank you for your attention to these guidelines.
