

# LEE COLLET 2-DIE NECK SIZER SETS - LEE PRECISION 6.5 GRENDDEL COLLET 2-DIE NECK SIZER SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies. Maximum accuracy is usually achieved by seating the bullet out far enough to touch or almost touch the rifling. This provides the shot start pressure normally supplied by the crimp. That's why a dead length bullet seater is included to complete the most accurate reloading system ever made. These dies size only the neck to preserve the perfect fit of fire forming. Only reload cases that have been fired in your gun. Not recommended for autoloaders, slide or lever action guns.

## Attributes

- Name: [LEE PRECISION 6.5 GRENDDEL COLLET 2-DIE NECK SIZER SET](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100040904
- Mfr. No.: 91606

# Safety Instruction Guide for LEE COLLET 2DIE NECK SIZER SET

## Introduction

Thank you for choosing the LEE COLLET 2DIE NECK SIZER SET for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure safe use of this product by following all instructions.
- Be aware of any risks associated with reloading ammunition and handling firearms.
- Always wear appropriate safety gear, including eye protection, when reloading.
- Keep this product out of reach of children and unauthorized users.
- Regularly check for product recalls and safety updates through the appropriate channels.

## Specific Safety Precautions for Use

- Only use the LEE COLLET 2DIE NECK SIZER SET with cases that have been fired in your firearm.
- Do not use these dies with autoloaders, slide, or lever action guns.
- Handle all reloading components with care to avoid accidental discharge.
- Ensure your workspace is clean and organized to prevent accidents.
- Always follow the manufacturer's instructions for use and maintenance.

## Instructions for Installation and Usage

### 1. Setup:

- Secure the die set in your reloading press according to the manufacturer's instructions.
- Make sure the press is stable and properly mounted.

### 2. Reloading Process:

- Start by inspecting your cases for any damage or wear before resizing.
- Insert the case into the die and apply pressure to size the neck.
- Use the dead length bullet seater to ensure accurate bullet seating.
- Check the fit of the bullet in the case and adjust as necessary.

### 3. PostReloading:

- Inspect each completed round for consistency and safety.
- Store reloaded ammunition in a safe and secure location, away from children.

## Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not throw away reloading components in regular household waste.
- Check with local authorities for proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the LEE COLLET 2DIE NECK SIZER SET, please refer to the manufacturer's customer support resources.

By adhering to these safety guidelines and instructions, you can ensure a safer reloading experience with the LEE COLLET 2DIE NECK SIZER SET. Thank you for prioritizing safety in your reloading practices.
