

BUIS FOLDING FRONT SIGHTS - BUIS FOLDING FRONT SIGHT BLACK

[Rifle Parts](#) > [Sights](#) > [Front Sights](#)

Whether running them as your primary aiming system or relying on them as a back-up in case your main optic goes down, the Geissele Folding Sights will give you the performance you need and expect from a product designed and manufactured from the ground up in our facility located in North Wales, PA. The Geissele Folding Sights are made from 6061-T6 aluminum and are Type 3 hard coat anodized to ensure extreme durability. For optimal aiming precision, our sights can be adjusted at $\frac{1}{2}$ " increments at 100 yards. The adjustments for the front and rear sights are captive to ensure that once sighted-in, there won't be any adjustments not intended by the user. There are no buttons or mechanisms to accidentally bump that will activate or fold down your sights when you least expect it, simply move them up to lock into position, or apply sideward pressure to the vertical tower to lock them down. The peep aperture is .072" and the front post measures .080". These sights are accurate enough for precision use during competition, and rugged enough for duty and personal defense use. HEIGHT (deployed, from top of pic rail): 1.47" HEIGHT (folded, from top of pic rail): 0.49" LENGTH: 2.33" WEIGHT: 1.33oz FRONT POST: .080"

Safety Instruction Guide for BUIS Folding Front Sights

Introduction

Thank you for choosing the BUIS Folding Front Sights. These sights are designed for reliable performance and durability, making them suitable for both competitive shooting and personal defense. This guide provides important safety instructions to ensure the safe use and maintenance of your sights in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that your firearm is pointed in a safe direction when adjusting or using the sights.
- Do not use the sights if they appear damaged or malfunctioning.
- Keep the sights and all firearm accessories out of reach of children.
- Regularly inspect the sights for wear and tear, and ensure that all adjustments are secure before use.
- Familiarize yourself with the operation of the sights before use, especially if you are a novice shooter.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before attaching or adjusting the sights.
- Always use the sights in a welllit environment to ensure maximum visibility.
- When adjusting the sights, make adjustments slowly and carefully to avoid unintended changes to your aim.
- Be aware of your surroundings and ensure that you have a clear line of sight when using your firearm.
- If you experience any issues while using the sights, cease use immediately and seek assistance.

Instructions for Installation and Usage

Installation

1. Ensure that your firearm is unloaded and safe to handle.
2. Locate the picatinny rail on your firearm where the sights will be mounted.
3. Align the BUIS Folding Front Sight with the desired position on the rail.
4. Secure the sight using the appropriate mounting hardware, ensuring it is tightened firmly but not overtightened to avoid damage.
5. Confirm that the sight is stable and does not move when pressure is applied.

Usage

1. To deploy the sight, simply lift it into the upright position until it locks securely.
2. To fold the sight down, apply sideward pressure to the vertical tower and lower it gently until it locks in place.
3. Adjust the sight for aiming precision by using the captive adjustment mechanism, moving it in ½" increments at 100 yards.
4. Confirm that the peep aperture and front post are properly aligned for accurate aiming.

Disposal Instructions

- Dispose of any damaged or unusable sights in accordance with local regulations.
- Do not throw the sights in regular household waste. Instead, check for local recycling programs that accept aluminum products.
- Ensure that all components are disposed of safely to prevent any harm to the environment.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the appropriate EU contact point for product safety.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your BUIS Folding Front Sights. Always prioritize safety and proper handling techniques when using any firearm accessories. Thank you for your attention to these guidelines, and enjoy your shooting experience!
