

MODULAR HOLSTER ADAPTERS - MODULAR HOLSTER ADAPTER EARTH BROWN

[Shooting Accessories](#) > [Holsters & Belt Gear](#) > [Holster Accessories](#)

The Modular Holster Adapter was specifically designed to eliminate the unwanted movement, flex and sliding common to factory polymer belt adapters. The Modular Holster Adapter is made from rugged, non-ferrous DFARS grade 6061-T6 aluminum and is Type 3 MIL-SPEC hard coat anodized. It supports the popular "Mid-ride" mode of carry to lower the pistol below the shooters belt line, allowing their holster system to clear body armor and pouches. This adapter fits all "three hole" pattern Safariland™ type holsters, and other brands of holster that use this proven method of attachment. It also supports the use of many commonly used quick detach holster systems such as the QLS, MLS, ELS, and others. Holsters mounted to the Modular Holster Adapter will accommodate 10° of forward cant and 10° of negative cant for a total range of 20° degrees. The adapter holds three height mounting points, set 1/2" apart, descending from the top mid-ride mounting point. Rigidity is key: The adapter includes belt mounting bars which are sized and spaced for use on MOLLE type battle belts, by threading each bar through the belts PALS webbing. This application works extremely well on narrow, minimalist type battle belts such as those from Ronin or Tyr Tactical. Alternatively, these mounting bars can also be directly bolted to any standard gun belt up to 2 1/4" wide. When properly installed on your gun belt, the adapter will not move. All unwanted movement, slipping and sliding has been removed from your system. The Modular Holster Adapter includes top mounting points for using a wide array of popular quick release belt mounts such as the Tek-Lok™ and polymer MOLLE type hardware. Each Modular Holster Adapter comes with a complete hardware kit of various sized screws, posts, spacers and threadlocker for mounting. The adapter is available in Black and Dark Earth anodized finishes.

Modular Holster Adapter Safety Instructions

Introduction

Thank you for choosing the Modular Holster Adapter. This product is designed to enhance your holster system's performance while ensuring safety and stability during use. Please read this safety instruction guide carefully to ensure proper handling and installation of the product.

General Safety Guidelines

- Ensure that you read and understand all instructions before using the Modular Holster Adapter.
- Use the product only for its intended purpose, which is to securely attach holsters to your belt system.
- Regularly inspect the Modular Holster Adapter for any signs of wear or damage. If any damage is found, discontinue use immediately.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental use or injury.
- Be aware of your surroundings when using the Modular Holster Adapter, especially in crowded or confined spaces.

Specific Safety Precautions for Use

- Always ensure that the holster is securely mounted to the Modular Holster Adapter before use.
- Avoid overtightening screws during installation, as this may damage the adapter or the holster.
- Do not use the Modular Holster Adapter with holsters that do not conform to the "three hole" pattern or are not compatible with the adapter.
- When using the adapter with MOLLE type battle belts, ensure that the mounting bars are threaded securely through the PALS webbing.
- Be cautious when adjusting the cant of the holster. Ensure that the angle does not interfere with your ability to draw the firearm safely.
- If using the adapter in conjunction with body armor or pouches, ensure that the holster system is positioned to allow for a safe and unobstructed draw.

Instructions for Installation and Usage

1. **Gather Required Tools:** Ensure you have the complete hardware kit provided, including screws, posts, spacers, and threadlocker.
2. **Select Mounting Location:** Choose a suitable location on your belt for the Modular Holster Adapter. Ensure it is easily accessible and comfortable for use.
3. **Install the Adapter:**
 - Align the Modular Holster Adapter with the desired mounting location on the belt.
 - Use the provided screws to attach the adapter securely. Ensure that the screws are tightened, but do not overtighten.
 - If using with MOLLE type battle belts, thread the mounting bars through the PALS webbing as per the design.
4. **Attach Holster:**
 - Position your holster on the Modular Holster Adapter, ensuring it fits securely.
 - Adjust the height and cant of the holster as needed, within the allowed range of 10° forward and 10° negative cant.
 - Tighten all mounting points to ensure stability.
5. **Final Check:** After installation, perform a final check to ensure that the adapter and holster are securely attached and that there is no unwanted movement.
6. **Usage:** When using the Modular Holster Adapter, ensure that you maintain awareness of your

surroundings and handle your firearm safely.

Disposal Instructions

When it comes time to dispose of the Modular Holster Adapter, please follow these guidelines:

- If the product is damaged or no longer needed, dispose of it in accordance with local regulations for metal waste.
- Do not dispose of the product in regular household waste. Check for recycling options in your area for aluminum materials.

Contact Information for Further Support

For any safety inquiries or further support regarding the Modular Holster Adapter, please consult the manufacturer's instructions or website for appropriate contact information.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy your experience with the Modular Holster Adapter.
