## An Arm Brace Designed for Large-Format Pistols

The Magpul BTR is an AR arm brace designed to improve the single-handed employment of large-format pistols. The BTR utilizes Magpul design and engineering to offer a stabilizing accessory with a robust feature set and trusted Magpul quality. With classic Magpul aesthetics, the BTR is compatible with Mil-Spec carbine receiver extensions and employs a simplified, durable, and easy to use LOP adjustment mechanism. o An integrated QD cup and M-LOK compatible slot provide ambidextrous sling mounting options and enable stabilizing sling tension to be applied, drastically increasing single-handed control of the firearm. With a straight-forward design and Magpul innovation, the BTR is a simple solution to improving your AR pistol. Final firearm configuration subject to applicable federal, state, and local laws. Designed and intended for use as a stabilizing accessory for one-handed firing Toolless, single-handed LOP adjustment Ambidextrous rear QD cup allows sling tension to be applied while firing with one hand to improve stability Compatible with Mil-Spec carbine receiver extensions High-strength polymer and metal construction M-LOK compatible slot for additional sling mounting options Mil-spec carbine receiver extension equipped AR Pistols. Not compatible with proprietary, pistol, or commercial receiver extensions. All ATF, NFA, state and local rules and laws apply, where applicable. ATF has ruled that attaching stabilizing braces with certain features will not make a firearm NFA controlled. This product conforms to this ATF precedent. As of December 10, 2019, ATF is no longer issuing classification letters for firearm accessories, including stabilizing braces. This product is designed and intended to serve only as a forearm brace for one-handed firing of a pistol. It is not intended to be fired from the shoulder. Any redesign or reconfiguration of this product may render the attached firearm NFA controlled. The user is exclusively responsible for determining the correct application of state and federal law based on the unique configuration of each firearm.

# Safety Instruction Guide for BTR ARM BRACE MAGPUL BTR ARM BRACE BLACK

## Introduction

Thank you for choosing the BTR ARM BRACE MAGPUL BTR ARM BRACE BLACK. This product is designed to enhance the singlehanded use of largeformat pistols. Please read this safety instruction guide carefully to ensure safe usage and compliance with applicable laws.

## General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding the use of stabilizing braces on firearms.
- Always use the arm brace in accordance with its intended purpose as a stabilizing accessory for onehanded firing.
- Keep the arm brace and all accessories out of reach of children and unauthorized users.
- Regularly inspect the arm brace for any signs of wear or damage before each use.
- If you encounter any issues or have concerns about the product, discontinue use and seek guidance.

## Specific Safety Precautions for Use

- The BTR ARM BRACE is designed for use with MilSpec carbine receiver extensions only. It is not compatible with proprietary, pistol, or commercial receiver extensions.
- Do not modify or redesign the arm brace, as any alterations may render the attached firearm NFA controlled.
- Avoid firing the firearm from the shoulder while using the arm brace, as it is not intended for that purpose.
- Ensure that the arm brace is securely attached to the firearm before use.
- Use the adjustable length of pull (LOP) mechanism only when the firearm is not in use to prevent accidental adjustments during handling.

## Instructions for Installation and Usage

### Installation

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Attach the BTR ARM BRACE to the MilSpec carbine receiver extension by following these steps:
  - Align the arm brace with the receiver extension.
  - Securely fasten the arm brace according to the manufacturer's instructions.
3. Check for a secure fit and make sure there is no movement between the arm brace and the receiver extension.

### Usage

1. Adjust the length of pull (LOP) to your preference using the toolless adjustment mechanism.
2. Utilize the ambidextrous rear QD cup for sling attachment to improve stability while firing.
3. Maintain a firm grip on the firearm with one hand while using the arm brace for support.
4. Always be aware of your surroundings and ensure a safe shooting environment.

## Disposal Instructions

- Dispose of the BTR ARM BRACE responsibly in accordance with local regulations.
- Do not dispose of the product in regular household waste.

- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**
