# AR15 Muzzle Brake Safety Instruction Guide

## Introduction

Thank you for choosing the AR15 Muzzle Brake by Midwest Industries. This product is designed to enhance your shooting experience by significantly reducing muzzle rise. To ensure safe and effective use of this product, please read and follow the safety instructions provided in this guide.

## General Safety Guidelines

- Always treat all firearms and accessories as if they are loaded.
- Ensure compliance with all local, state, and federal laws regarding firearm modifications and accessories.
- Keep the muzzle brake out of reach of children and unauthorized users.
- Inspect the muzzle brake for any damage before each use.
- Use the product only with firearms that are compatible with the specifications provided.
- Do not attempt to modify the muzzle brake in any way.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installation.
- Always wear appropriate eye and ear protection when using firearms equipped with a muzzle brake.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not use the muzzle brake in conjunction with ammunition that exceeds the specified caliber.
- Check for proper installation before each use to prevent accidents.
- Avoid using the muzzle brake if it shows signs of wear or damage.
- Keep your hands and face clear of the muzzle when firing.

## Instructions for Installation and Usage

### Installation

1. **Gather Required Tools:** You will need a wrench and a crush washer (included).
2. **Prepare the Firearm:** Ensure the firearm is unloaded and pointed in a safe direction.
3. **Remove Existing Muzzle Device:** If applicable, use the wrench to remove any existing muzzle device from the firearm.
4. **Install Crush Washer:** Place the new crush washer onto the muzzle of the firearm.
5. **Attach Muzzle Brake:** Screw the muzzle brake onto the threads of the firearm. Ensure it is tightened securely but do not overtighten.
6. **Check Alignment:** Ensure the muzzle brake is aligned correctly and does not obstruct the barrel.

### Usage

- Always ensure the firearm is in a safe condition before firing.
- Use only with 5.56/.223 caliber firearms.
- Maintain a firm grip on the firearm when firing to manage recoil effectively.
- Monitor the muzzle brake for any signs of wear or damage after use.

## Disposal Instructions

- Dispose of the muzzle brake in accordance with local regulations.
- If the product is damaged or no longer usable, ensure it is disposed of in a manner that prevents accidental use.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the AR15 Muzzle Brake, please refer to the manufacturer's contact details, which can be found on the product packaging or the manufacturer's website.

Thank you for your attention to these safety guidelines. Your safety and the safety of others is of utmost importance. Enjoy your shooting experience with the AR15 Muzzle Brake.
