AR .308 TwoChamber Muzzle Brake Safety Instruction Guide

Introduction

Thank you for choosing the AR .308 TwoChamber Muzzle Brake by Midwest Industries. This product is designed to enhance your shooting experience by reducing muzzle climb. However, it is essential to follow safety guidelines to ensure safe usage. This guide provides you with important safety information, installation instructions, and proper disposal methods.

General Safety Guidelines

- Ensure that the muzzle brake is compatible with your firearm before installation.
- Always handle firearms with care and follow standard safety practices.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the muzzle brake for any signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about any recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when firing your weapon.
- Do not modify the muzzle brake in any way, as this may affect its performance and safety.
- Ensure that the firearm is unloaded before installing or removing the muzzle brake.
- Follow the manufacturer's recommendations for the correct torque specifications during installation.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not use the muzzle brake with ammunition that exceeds the specified caliber.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: a torque wrench and a crush washer.

2. Remove Existing Muzzle Device:

- If applicable, remove any existing muzzle device from your firearm.

3. Install Crush Washer:

- Place the new crush washer onto the muzzle of the firearm.

4. Attach Muzzle Brake:

- Screw the AR .308 TwoChamber Muzzle Brake onto the firearm's muzzle.
- Ensure that the threads are aligned properly to avoid crossthreading.

5. Torque to Specifications:

- Use a torque wrench to tighten the muzzle brake to the manufacturer's recommended torque specifications.

6. Final Inspection:

- Check that the muzzle brake is securely attached and that there are no gaps between the muzzle brake and the crush washer.

Usage Instructions

- After installation, the muzzle brake is ready for use.
- Always check the functionality of the muzzle brake before firing.
- Maintain a proper shooting stance and grip to maximize the effectiveness of the muzzle brake.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer in use, do not throw it in regular trash. Instead, contact local waste management for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the AR .308 TwoChamber Muzzle Brake, please refer to the manufacturer's website or contact their support team. Ensure you have the product details and any relevant information on hand for efficient assistance.

Thank you for following these safety guidelines. Your safety and the safety of others is our top priority. Enjoy your shooting experience responsibly!
