# AK47 Muzzle Brake Safety Instructions

## Introduction

Thank you for choosing the AK47 Muzzle Brake .30 Cal from Midwest Industries. This product is designed to enhance the performance of your AK rifles or pistols while ensuring safe usage. Please read this safety instruction guide carefully to understand how to use, install, and dispose of the product safely.

## General Safety Guidelines

- Ensure that the product is used only in accordance with the manufacturer's instructions.
- Always handle firearms with care and treat them as if they are loaded.
- Keep the muzzle brake and all firearms stored securely and out of reach of children.
- Inspect the muzzle brake regularly for signs of wear or damage.
- Do not use the muzzle brake if it shows any signs of damage or if it does not fit your firearm properly.
- Be aware of your surroundings and ensure that you are in a safe environment when using your firearm.
- Report any unsafe products or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Recoil Management:** The large twoport design of the muzzle brake reduces felt recoil and muzzle climb. However, always be prepared for the firearm's behavior during firing.
- **Material Safety:** The muzzle brake is constructed from tool steel with a phosphate finish. Ensure that you are not allergic to any materials used in the product.
- **Thread Compatibility:** This muzzle brake is designed for AK rifles or pistols with M14 x 1.0 LH threads. Verify compatibility before installation.
- **Weight Consideration:** The muzzle brake weighs 2.3 oz. Be aware of how additional weight may affect your firearm's handling.
- **Lifetime Warranty:** The product comes with a lifetime warranty. Keep your purchase receipt for warranty claims.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is unloaded.
- Gather necessary tools: a wrench suitable for M14 x 1.0 LH threads.

### 2. Installation:

- Align the muzzle brake with the threaded muzzle of your firearm.
- Handtighten the muzzle brake onto the threads.
- Use the wrench to securely tighten the muzzle brake, ensuring it is firmly in place but not overtightened to avoid damage.

### 3. Usage:

- After installation, check that the muzzle brake is secure.
- Fire the weapon in a controlled environment, ensuring that you are familiar with the recoil management features of the muzzle brake.
- Always wear appropriate eye and ear protection when firing.

### 4. PostUsage:

- Clean the muzzle brake and firearm after use to maintain performance.
- Inspect the muzzle brake for any signs of wear or damage before the next use.

## **Disposal Instructions**

- Dispose of the muzzle brake in accordance with local regulations regarding metal products.
- Do not dispose of the muzzle brake in regular household waste.
- Check with local recycling facilities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the AK47 Muzzle Brake .30 Cal, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your AK47 Muzzle Brake. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
