The factory Ruger® 10/22® trigger stands out in the rimfire market for its crisp feel and light trigger pull. But even good triggers can be made GREAT! The new TANDEMKROSS "Victory" Trigger for the Ruger® 10/22® is the ultimate 10/22® trigger upgrade - ideal for speed shooting competitors! The TANDEMKROSS "Victory" Trigger removes nearly all pre-travel upon installation, and comes with post-travel adjustment screw to allow each shooter customize their 10/22® trigger upgrade. The skeletonized, lightweight design of the TANDEMKROSS "Victory" trigger provides a flat face that allows the shooter to pull straight back and makes it easier to tell if they are pulling too far to the left or right. In addition to actually reducing the trigger pull weight by up to .5lb, the flat-faced design also allows the operator to place their finger lower on the trigger, increasing leverage and giving the perception of an even lower pull weight. The textured Ruger® 10/22® trigger provides a no-slip surface regardless of speed or weather and allows for short, repeatable, identical trigger pulls. The trigger is made from aircraft-grade aluminum to be lightweight and durable. The TANDEMKROSS "Victory" Trigger for Ruger® 10/22® is one of the best Ruger® upgrades for competition shooters. Get yours today and take a giant step closer to VICTORY! 10/22® Victory trigger shoe is compatible with stock trigger housing, sear, hammer and disconnecter. 10/22® Victory Trigger Shoe by itself is not compatible with Ruger®'s BX® trigger housing. The "Ultimate" Trigger Kit plus Ruger® stock disconnecter will be required for compatibility with Ruger®'s BX® Trigger.
