

TECHNICAL GLOVES 2.0 - MAGPUL TECHNICAL GLOVE 2.0 BLACK 2XL 1-PAIR

[Shooting Accessories](#) > [Apparel](#) > [Accessories](#) > [Gloves](#)

The most lightweight and tactile glove in the Magpul lineup, the Magpul Technical Glove 2.0 offers abrasion protection with maximum dexterity. Fitted with durable synthetic construction, suede-backed thumbs, and a compression-molded neoprene cuff to provide a second-skin fit. To help you keep your grip when things are slick, Magpul has included a tough, suede palm. The narrow forefinger maintains your range of motion for better control of your firearm's trigger and selector. The thumb, index, and middle fingers on both hands are also touchscreen compatible. Magpul's Technical Glove 2.0 is versatile enough to perform in almost any environment while keeping your hands from taking a beating. Protects active hands with minimum impact on fine motor skills. Narrow forefinger for easy access and better control of your firearm's trigger and selector. Ambidextrous three-finger touchscreen capability. Compression-molded neoprene cuff for secure fit. Corded nylon construction for back-of-hand stretch and enhanced durability. Reinforced suede pull tab. Suede-backed thumb area to quickly remove fogging on hunting optics and glasses.

Safety Instruction Guide for Magpul Technical Gloves 2.0

Introduction

Thank you for choosing the Magpul Technical Gloves 2.0. These gloves are designed to provide maximum dexterity and protection for your hands in various environments. This safety instruction guide aims to inform you about the safe use, precautions, and maintenance of your gloves in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the gloves fit properly before use to avoid any potential hazards.
- Inspect the gloves for any signs of damage or wear before each use.
- Do not use the gloves for purposes other than their intended use.
- Keep the gloves away from sharp objects, chemicals, and open flames to prevent damage.
- If the gloves become damaged, discontinue use immediately and replace them.

Specific Safety Precautions for Use

- **Proper Fit:** Ensure the gloves fit snugly but comfortably. A loose fit may reduce dexterity and control.
- **Touchscreen Compatibility:** The gloves are designed to be touchscreen compatible. However, avoid prolonged exposure to moisture to maintain functionality.
- **Firearms Handling:** When using the gloves while handling firearms, ensure that you maintain a proper grip and control.
- **Cleaning and Maintenance:** Follow the cleaning instructions provided below to maintain the integrity and functionality of the gloves.

Instructions for Installation and Usage

1. Wearing the Gloves:

- Slide your hands into the gloves, ensuring that each finger fits properly into its respective compartment.
- Adjust the neoprene cuff to ensure a secure fit around your wrist.

2. Using the Gloves:

- Utilize the gloves for activities that require both protection and dexterity, such as shooting or outdoor tasks.
- When using touchscreens, ensure that your fingers make full contact with the screen for best results.

3. Cleaning the Gloves:

- Hand wash the gloves in cold water with mild detergent.
- Avoid using bleach or fabric softeners.
- Air dry the gloves away from direct heat sources to preserve their shape and material integrity.

Disposal Instructions

- Dispose of the gloves in accordance with local regulations regarding synthetic materials.
- Do not incinerate the gloves as this may release harmful substances.

Contact Information for Further Support

For any inquiries regarding safety or product concerns, please contact your local distributor or the manufacturer.

Important Note

- Always report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform regularly.

Thank you for your attention to these safety guidelines. Enjoy the protection and performance of your Magpul Technical Gloves 2.0 responsibly!
