

WRAPTER RUBBER ADHESIVE GRIPS - HOGUE WRAPTER GRIP SIG P320 FULL SIZE, BLACK

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

Utilizing the same precision fit standards as OverMolded® rubber grips, Hogue has engineered a remarkably thin grip solution for polymer frame pistols. In order to increase grip and performance, shooters have previously resorted to custom stippling which dramatically compromised their firearm's factory frame. The Hogue Wrapper Adhesive Grip System will provide superior grip and hold while preserving the original condition of the firearm. FEATURES
Renowned Hogue rubber feel
Ultra thin profile - 30% thinner than a credit card
Engineered to conform to the exact contours of your firearm's frame
Multi-piece design provides optimal coverage
Left-over remnant material offers customization options

Attributes

WRAPTER RUBBER ADHESIVE GRIPS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Hogue Wrapper Rubber Adhesive Grips for your Sig P320 Full Size. This guide provides essential safety instructions and usage information to ensure a safe and effective experience with your product. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or handling the grips.
- Keep the grips away from heat sources and direct sunlight to prevent degradation of the adhesive and material.
- Inspect the grips regularly for signs of wear or damage. If any damage is found, discontinue use immediately.
- Store the product in a cool, dry place when not in use.
- Ensure that the grips do not obstruct any safety mechanisms or controls of the firearm.

Specific Safety Precautions for Use

- The Hogue Wrapper Adhesive Grips are designed for use on polymer frame pistols only. Do not attempt to use them on other types of firearms.
- Ensure the grips are properly adhered to the firearm frame before use. A secure fit is crucial for optimal performance.
- Avoid using solvents or harsh chemicals on the grips as they may damage the material.
- If you experience any discomfort or adverse reactions while using the grips, discontinue use and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Clean the surface of the firearm where the grips will be applied. Use a mild detergent and allow it to dry completely.

2. Application:

- Carefully peel the backing off the adhesive side of the grip.
- Align the grip with the contours of your firearm's frame.
- Press the grip firmly onto the frame, ensuring there are no air bubbles or wrinkles. Apply even pressure for at least 30 seconds to ensure proper adhesion.

3. PostInstallation:

- Allow the adhesive to cure for the recommended time (at least 24 hours) before using the firearm.
- After installation, doublecheck that the grip does not interfere with the operation of the firearm.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the grips need to be removed, carefully peel them off the firearm. Do not use sharp objects that may damage the firearm's finish.

- Dispose of the grips in general waste if they cannot be recycled.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the Hogue Wrapper Rubber Adhesive Grips, please refer to the manufacturer's contact information provided with the product.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Hogue Wrapper Rubber Adhesive Grips. Always prioritize safety and stay informed about best practices for firearm handling and maintenance. Thank you for your attention to these important safety measures.
