

VMG CLEANING TOOLS - VETPOWERED VMG MK-15 CLEANING TOOL

[Gunsmith Tools](#) > [Rifle Tools](#) > [Bolt Tools](#) > [Carbon Scrapers](#)

A Dedicated Cleaning Tool To Make Your AR Look Like New

No matter how much you scrub, soak and clean your AR-15 or AR .308, there always seems to be that little bit of baked-on carbon fouling in those little corners you can't get at. Bring your rifle back into like-new condition by using the VetPowered VMG Cleaning Tool. Available in MK-15 and MK-10 versions for AR-15 and AR .308 owners, respectively. The innovative design of the VetPowered VMG Cleaning Tool provides seven different functions within this one simple device. The stainless-steel unit features profiles that match the profile of the bolt and bolt carrier, so you can get into those hard-to-reach spots to scrape out stubborn carbon. The tool also features an eyelet that accepts a cleaning patch, so all that carbon and fouling you scrape off can be easily collected. The functionality of the tool doesn't end there, though. The front can be used to easily remove a bullet button, and the scraping pick is handy for removing a firing pin retaining pin. Best of all, the profits made from the sale of the VetPowered VMG MK-15 and MK-10 Cleaning Tool goes to support advanced manufacturing training for U.S. military veterans. These profits support Workshops for Warriors, a nonprofit dedicated to training and certifying wounded and transitioning military veterans for careers in manufacturing. Not only will you get your rifle back into peak operating condition, you'll also be contributing to the rebuilding of America's manufacturing industry.

VMG CLEANING TOOLS VETPOWERED MK15

CLEANING TOOL Safety Instructions Guide

Introduction

Thank you for choosing the VetPowered VMG MK15 Cleaning Tool. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before using the cleaning tool.

General Safety Guidelines

- Ensure the cleaning tool is used only for its intended purpose, which is to clean AR15 and AR .308 firearms.
- Keep the cleaning tool out of reach of children and vulnerable individuals.
- Regularly inspect the cleaning tool for any signs of damage or wear. Do not use if damaged.
- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using the cleaning tool.
- Do not use the cleaning tool on any other firearm types or surfaces not intended for cleaning with this tool.
- Be aware of your surroundings and ensure you are in a safe environment when using the tool.

Specific Safety Precautions for Use

- Before cleaning, ensure that the firearm is unloaded and that the magazine is removed.
- Always point the firearm in a safe direction when cleaning.
- Use the cleaning tool gently to avoid damaging the firearm components.
- Avoid using excessive force while scraping to prevent scratching or damaging the bolt and bolt carrier.
- Ensure that the eyelet used for cleaning patches is securely attached before use.
- Do not leave the cleaning tool unattended while in use.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded and in a safe condition.
- Gather necessary materials, including the cleaning tool, cleaning patches, and any cleaning solutions you may need.

2. Using the Cleaning Tool:

- Identify the area of the firearm that requires cleaning.
- Insert the cleaning patch into the eyelet of the cleaning tool.
- Use the scraping edge of the tool to gently scrape away carbon fouling from hard-to-reach areas.
- After scraping, use the cleaning patch to wipe away any debris.
- To remove a bullet button, use the front end of the cleaning tool as directed.
- For removing a firing pin retaining pin, use the scraping pick as needed.

3. PostUse:

- After cleaning, ensure all debris and cleaning patches are disposed of properly.
- Store the cleaning tool in a safe, dry place away from children and pets.

Disposal Instructions

- Dispose of the cleaning tool in accordance with local regulations.
- If the cleaning tool is damaged beyond repair, consider recycling the stainlesssteel components where possible.
- Do not dispose of the cleaning tool in regular household waste if it can be recycled.

Contact Information for Further Support

For safety inquiries or further assistance, please refer to the contact information provided with the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure the safe and effective use of the VetPowered VMG MK15 Cleaning Tool while contributing to the support of U.S. military veterans through your purchase. Thank you for your commitment to safety and responsible firearm maintenance.
