

# MUZZLE THREAD PROTECTORS - GROVTEC US MUZZLE THREAD PROTECTOR 1/2-20 X.625 FITS SOME .22S

[Rifle Parts](#) > [Muzzle Devices](#) > [Thread Protectors](#)

## Prevents Unwanted & Expensive Damage To Threaded Muzzles

You've got a lot invested in those delicate threads on the end of your muzzle, why let them get damaged when you don't have a suppressor or other device on your barrel? With the Muzzle Thread Protector from GrovTec on the end of your barrel, not only are your muzzle threads safe from damage, but it gives your gun a more finished look when no muzzle device is installed. Knurled exterior on the GrovTec Muzzle Thread Protector gives you a firm grasp to install or remove the protector in seconds. Steel construction Black oxide finish American made. Don't let the threads on your expensive barrel get damaged, screw on one of these inexpensive GrovTec Muzzle Thread Protectors as a bit of insurance, and you won't be sorry. Available in popular thread sizes and diameters to match most commonly available rifle barrels.

# MUZZLE THREAD PROTECTORS SAFETY INSTRUCTIONS

## Introduction

Thank you for purchasing the GrovTec Muzzle Thread Protector. This product is designed to protect the threads on your firearm's muzzle when not in use with a suppressor or other muzzle device. It is important to follow safety guidelines and instructions to ensure proper use and maintenance.

## General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or removing the muzzle thread protector.
- Inspect the muzzle thread protector for any signs of damage or wear before use.
- Keep the muzzle thread protector out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the thread size of the muzzle thread protector matches your firearm's muzzle threads (1/220).
- Do not use the muzzle thread protector if it is damaged or does not fit properly.
- Avoid using excessive force when installing or removing the muzzle thread protector to prevent damage to the threads.
- Do not expose the muzzle thread protector to extreme temperatures or harsh chemicals.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather your GrovTec Muzzle Thread Protector and any necessary tools (if applicable).

### 2. Installation

- Align the muzzle thread protector with the threads on the muzzle of your firearm.
- Gently screw the protector onto the threads by turning it clockwise.
- Use the knurled exterior for a firm grip to ensure it is securely fastened, but do not overtighten.

### 3. Removal

- To remove the muzzle thread protector, grip it firmly and turn it counterclockwise until it is free from the threads.
- Inspect the threads on both the protector and the firearm for any signs of damage after removal.

### 4. Storage

- Store the muzzle thread protector in a cool, dry place when not in use.
- Keep it in its original packaging or a dedicated storage container to prevent damage.

## Disposal Instructions

- Dispose of the muzzle thread protector in accordance with local regulations.

- Do not attempt to incinerate or dispose of in a manner that could cause harm to the environment.

## **Contact Information for Further Support**

If you have any questions or require further assistance regarding the GrovTec Muzzle Thread Protector, please refer to the manufacturer's website or contact their customer service for support.

By following these safety instructions, you can ensure the safe and effective use of your GrovTec Muzzle Thread Protector. Thank you for prioritizing safety and responsible firearm ownership.
