# PUSH BUTTON SWIVEL 1.5" LOOP SINGLE PACK SAFETY INSTRUCTIONS

## Introduction

Thank you for purchasing the Push Button Swivel 1.5" Loop Single Pack by GROVTEC US. This product is designed for tactical sling mounting and is made of durable steel construction with a manganese phosphate finish. It is important to follow the safety guidelines outlined in this document to ensure safe and effective use of the product.

## General Safety Guidelines

- Always inspect the product before use to ensure it is in good condition and free from defects.
- Do not exceed the weight limit of 450 lbs when using the swivel.
- Keep the product away from children and vulnerable groups to prevent accidental injury.
- Use the product only for its intended purpose; improper use may lead to accidents or injuries.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the swivel is securely attached to the sling and the mounting point before use.
- Regularly check for wear and tear, especially on the swivel mechanism and attachment points.
- Avoid using the swivel in extreme weather conditions or environments that may compromise its integrity.
- Do not modify the product in any way, as this may affect its performance and safety.
- Always follow the manufacturer's guidelines for installation and usage.

## Instructions for Installation and Usage

### 1. Installation:

- Locate the mounting point on your tactical equipment where the swivel will be attached.
- Align the swivel loop with the mounting point.
- Insert the push button to secure the swivel in place.
- Ensure the swivel is firmly locked and cannot be easily detached.

### 2. Usage:

- When using the swivel, ensure that the sling is properly adjusted for comfort and stability.
- Always check that the push button mechanism is functioning correctly before using the swivel.
- If the swivel becomes loose or shows signs of damage during use, discontinue use immediately and inspect for issues.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for metal and other materials.
- Do not dispose of the product in regular household waste if it can be recycled.
- If the product is damaged or no longer usable, ensure it is disposed of safely to prevent injury to others.

## Contact Information for Further Support

For any inquiries regarding safety or product information, please reach out to the designated EU contact point provided with your product packaging or documentation.

Thank you for your attention to these safety instructions. Your safety is our priority.
