A Set of Suppressor-Height Sights for Your Go-To Glock

Whether you're running a red-dot sight or a suppressor, you still need a set of irons that allow you to preserve accuracy and precision. These Strike Industries Strike Iron Sights are designed to give you that heightened sight picture while allowing for the use of a mounted optic or silencer. The sights are elevated to ensure absolute co-witnessing with any mounted optic, so you can have two systems working together. Each Strike Industries Strike Iron Sights are designed to provide natural light on either side of the front blade for greater focus and accuracy. The U-notch rear sight makes it easy and intuitive to obtain a sight picture, and the stepped design of the rear edge on both sights reduces glare. The sights are made from SUS630 hardened stainless steel, and the front sight is left blank so users can add the paint they need for improved focus. The rear sight features a vertical line that catches light and helps in aiming. These Strike Industries Strike Iron Standard Sights are designed to fit most popular Glock models, including the G17, G17L, G119, G22, G23, G24, G25 and G26.

Safety Instruction Guide for STRIKE IRON SIGHT SET FOR GLOCK SUPPRESSOR HEIGHT

Introduction

Thank you for choosing the STRIKE IRON SIGHT SET FOR GLOCK SUPPRESSOR HEIGHT by Strike Industries. This product is designed to enhance your shooting experience while ensuring safety and accuracy. Please read this safety instruction guide carefully to understand how to use and maintain your sights safely and effectively.

General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or adjusting the sights.
- Use the sights only with compatible Glock models as specified in the product description.
- Follow all local laws and regulations regarding firearm accessories and usage.
- Keep the sights out of reach of children and unauthorized users.
- Regularly inspect the sights for any signs of damage or wear before each use.
- If you notice any defects or issues with the sights, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Ensure that the sights are securely mounted before using your firearm.
- Do not attempt to modify or alter the sights in any way, as this may compromise their safety and effectiveness.
- When using the sights with a suppressor or red dot sight, ensure proper alignment to maintain accuracy.
- Always wear appropriate eye protection when using firearms equipped with these sights.
- Avoid using the sights in adverse weather conditions that may impair visibility.

Instructions for Installation and Usage

Installation

1. **Gather Tools:** Ensure you have the necessary tools for installation, including a screwdriver suitable for the sight screws.
2. **Unload Firearm:** Before beginning installation, make sure your Glock is completely unloaded.
3. **Remove Old Sights:** If applicable, carefully remove the existing sights using the screwdriver.
4. **Install Front Sight:**
 - Align the front sight with the mounting slot on the slide.
 - Secure the front sight using the provided screws, ensuring it is tight but not overtorqued.
5. **Install Rear Sight:**
 - Align the rear sight with the mounting slot on the slide.
 - Secure the rear sight similarly, ensuring it is properly aligned with the front sight.
6. **Check Alignment:** After installation, visually check that both sights are aligned correctly.
7. **Test:** Conduct a function check to ensure the sights are secure and properly mounted before heading to the range.

Usage

- When aiming, ensure that you have a firm grip on your firearm.
- Use the Unotch rear sight to help obtain a clear sight picture.
- Adjust your stance and grip as necessary to maintain stability when aiming.
- Practice regularly to become familiar with the sight picture and improve accuracy.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the sights become damaged beyond repair, dispose of them responsibly to avoid environmental harm.
- Contact your local waste management authority for information on hazardous waste disposal if necessary.

Contact Information for Further Support

For any questions or concerns regarding the STRIKE IRON SIGHT SET FOR GLOCKSUPPRESSOR HEIGHT, please refer to the manufacturer's website or customer support resources. Ensure that you have the product information handy when seeking assistance.

By following these safety guidelines and instructions, you can enjoy the benefits of your STRIKE IRON SIGHT SET FOR GLOCKSUPPRESSOR HEIGHT while ensuring your safety and the safety of others. Thank you for your attention to these important safety measures.
