An Enhanced Set of Iron Sights for Your Glock Pistol

The great thing about Glock's factory sights is that they're so easy to replace. There's no sense in sticking with the plastic sights that ship from Glock's factory when you have great aftermarket options like the Strike Industries Strike Iron Sight Set designed for most of Glock's popular models. These sights are designed to give you a natural alignment that aids in precision aiming, all while giving you a chance to customize your pistol to fit your needs. Each Strike Industries Strike Iron Standard Sight is designed to provide natural light on either side of the front blade for greater focus and accuracy. The U-notch rear sight makes it easy and intuitive to obtain a sight picture, and the stepped design of the rear edge on both sights reduces glare. The sights are made from SUS630 hardened stainless steel, and the front sight is left blank so users can add the paint they need for improved focus. The rear sight features a vertical line that catches light and helps in aiming. These Strike Industries Strike Iron Standard Sights are designed to fit most popular Glock models, including the G17, G17L, G119, G22, G23, G24, G25 and G26.

Attributes

STRIKE IRON SIGHT SET FOR GLOCK® Safety Instruction Guide

Introduction

Thank you for choosing the Strike Industries Strike Iron Sight Set for your Glock. This guide provides essential safety instructions and information to ensure safe use and installation of your new sights. Please read this guide carefully and keep it for future reference.

General Safety Guidelines

- Ensure that the product is used only as intended.
- Always handle firearms with care and follow standard safety practices.
- Keep the product away from children and unauthorized users.
- Regularly inspect the sights for any signs of wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before installing or adjusting the sights.
- Use appropriate eye protection when handling firearms.
- Do not attempt to modify the sights beyond their intended use.
- Ensure that the sights are securely attached before using the firearm.
- If you experience any issues with the sights, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

Installation Instructions

1. Prepare Your Firearm:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove any existing sights according to the manufacturer's instructions.

2. Install the Front Sight:

- Align the front sight with the designated mounting area on the slide.
- Use a sight pusher tool or appropriate device to securely attach the front sight.
- Ensure the sight is level and properly aligned.

3. Install the Rear Sight:

- Position the rear sight in its mounting area on the slide.
- Use the sight pusher tool to secure the rear sight in place.
- Check that the rear sight is aligned with the front sight.

4. Final Checks:

- Inspect both sights to ensure they are securely attached and aligned.
- Test the sights by aiming at a target to verify proper alignment.

Usage Instructions

- When aiming, focus on the front sight while ensuring the rear sight and target are in your peripheral vision.
- Adjust your stance and grip for optimal comfort and accuracy.
- Practice regularly to become familiar with the sight alignment and improve your shooting skills.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling components where possible.

Contact Information for Further Support

For any inquiries or concerns regarding the Strike Industries Strike Iron Sight Set, please refer to the contact information provided by your retailer or manufacturer.

By following these guidelines, you can ensure the safe use and installation of your Strike Industries Strike Iron Sight Set. Always prioritize safety and responsible handling of your firearm.
