An Ambi Charging Handle Sized Right for Your AR .308 Rifle

A large-frame AR .308 rifle needs a larger charging handle than those small, flimsy mil-spec designs. This Aero Precision Breach Ambidextrous Charging Handle is sized right for your big-bore AR, and it's built right so that you can count on it in harsh environments and brutal scenarios. Each Aero Precision Breach Charging Handle can be had in two different sizes, so you can choose the one that best meets your needs. The smaller of the two levers provides a sleek design that blends in with the overall lines of your rifle without creating any snag points, but it still provides a comfortable, ergonomic surface for easy racking. The larger of the two levers gives you more surface area for instant, easy activation of the lever, whether through rapid one-handed racking or other motions. The Aero Precision Breach Charging Handle is machined from 7075 aluminum and is treated with a hardcoat-anodized finish. Like all of Aero's products, this handle is made right here in the USA.

Safety Instruction Guide for AR 308 Breach Large Lever Ambidextrous Charging Handle

Introduction

Thank you for choosing the AR 308 Breach Large Lever Ambidextrous Charging Handle by Aero Precision. This product is designed for use with largeframe AR .308 rifles, providing a reliable and ergonomic solution for charging your firearm. This guide outlines important safety instructions and guidelines to ensure safe and effective use of this product.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the charging handle is compatible with your specific AR .308 model.
- Only use this charging handle for its intended purpose.
- Keep the charging handle and firearm out of reach of children and unauthorized users.
- Regularly inspect the charging handle for signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm modifications and safety.

Specific Safety Precautions for Use

- Ensure the firearm is pointed in a safe direction before using the charging handle.
- Do not place your fingers inside the trigger guard while operating the charging handle.
- Use gloves if necessary to maintain a secure grip, especially in harsh environments.
- Avoid using excessive force when operating the charging handle to prevent damage.
- Be aware of your surroundings and ensure that no one is in the line of fire when charging the firearm.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing charging handle by pulling it out of the receiver.
- Align the Aero Precision Breach Charging Handle with the receiver.
- Insert the charging handle into the receiver until it is fully seated.
- Ensure the handle moves freely and does not obstruct any other components.

2. Usage:

- To charge the firearm, grasp the charging handle firmly with one or both hands.
- Pull the charging handle back smoothly and release it to chamber a round.
- If using the larger lever, ensure you have a secure grip for rapid operation.
- After use, ensure the firearm is in a safe condition before storing.

Disposal Instructions

- Dispose of the charging handle in accordance with local regulations.
- Do not dispose of any firearm parts in regular household waste.
- Contact local waste management authorities for proper disposal methods.
