

# SUPER CAL (CANT AND LOC) BIPODS - ACCU-SHOT SUPER CAL ARMS 17S BIPOD BLACK

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

ATLAS BIPOD SUPER CAL (CANT AND LOC) BIPODS The Super CAL (Cant And Loc) has all the same features of the popular CAL model, only supersized! It has a wider footprint and provides a lower center of gravity than the smaller CAL model. Includes patented 45° leg positions, non-rotating legs, quick change feet and "Hold What You Move Technology™." It is comprised of 6061-T6 aluminum that is Mil-Spec Type III hard coat anodized and has heat treated stainless steel components. ACCU-SHOT chooses to support a legend in the shooting sports by using the original KMW "Pod-Loc™" to lock the cant adjustment. SPECS Height Range: 5.6" - 10.8" Preloaded Cant: 45 degrees 5 leg positions: 0, 45, 90, 135 & 180 degrees Non-Rotating Legs: outer leg does not rotate around inner leg Weight: 21.54 ounces Footprint: 14.75-19.37" Wide Available with various mounting options to allow use on a multitude of shooting platforms.

# SUPER CAL Bipod Safety Instruction Guide

## Introduction

Thank you for choosing the SUPER CAL (Cant And Loc) Bipod by ACCUSHOT. This guide provides essential safety information and instructions to ensure the safe and effective use of your bipod. Please read this guide carefully before using the product.

## General Safety Guidelines

- **Product Safety:** Always ensure the bipod is used in accordance with the manufacturer's instructions to minimize risks.
- **Enhanced Recalls:** Stay informed about any product recalls by checking reliable sources.
- **Online Shopping:** If purchased online, verify that the retailer complies with safety regulations.
- **Special Consumer Focus:** Ensure that the product is kept out of reach of children, as it is not designed for use by minors.
- **EU Contact Point:** For safety inquiries, refer to the manufacturer's contact information.
- **Rapid Alerts:** Regularly check the EU Safety Gate platform for updates on product safety.

## Specific Safety Precautions for Use

- **Inspect Before Use:** Always inspect the bipod for any damage or defects before use. Do not use if damaged.
- **Stable Surface:** Ensure the bipod is placed on a stable and level surface to prevent tipping.
- **Proper Adjustment:** Adjust the cant and height settings carefully to avoid sudden movements that may cause accidents.
- **Secure Attachment:** Ensure the bipod is securely attached to the shooting platform before use.
- **Avoid Overloading:** Do not exceed the bipod's weight capacity of 21.54 ounces.
- **Use in Appropriate Conditions:** Avoid using the bipod in extreme weather conditions that may compromise its stability.

## Instructions for Installation and Usage

### 1. Installation:

- Unpack the bipod and ensure all components are included.
- Attach the bipod to the desired shooting platform using the ARMS 17s attachment.
- Tighten the attachment securely to prevent any movement during use.

### 2. Adjusting the Bipod:

- To adjust the height, unlock the leg positions and set to the desired height between 5.6" and 10.8".
- For cant adjustment, use the KMW "PodLoc™" mechanism to lock the desired angle.
- Ensure the legs are positioned correctly at 0, 45, 90, 135, or 180 degrees as needed.

### 3. Using the Bipod:

- Place the bipod on a stable surface.
- Ensure that the outer legs do not rotate around the inner legs during use.
- Maintain a firm grip on the shooting platform while aiming and shooting.

## **Disposal Instructions**

- Dispose of the bipod in accordance with local regulations for aluminum and metal products.
- Do not dispose of the bipod in regular household waste.
- Consider recycling options available in your area for metal products.

## **Contact Information for Further Support**

For further support or inquiries regarding the SUPER CAL Bipod, please refer to the manufacturer's contact details provided with the product packaging.

Thank you for your attention to these safety instructions. By following this guide, you can ensure a safe and enjoyable experience with your SUPER CAL Bipod.
