

# SIG SAUER P320 IRON SIGHT SETS - STRIKE INDUSTRIES SIG SAUER P320 IRON SIGHT SET STANDARD HEIGHT

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

The Strike Iron Sights (Suppressor Height) give you an elevated sight picture for a red dot or suppressor pistol setup. The front and rear sights sit at an absolute co-witness position with a slide mounted red dot. Designed to help with proper sight alignment and keep the shooter's eyes focused, there is natural light that is seen on both sides of the front sight between the u-notch rear sight. Steps placed in the rear of both sights help angle and reduce unwanted glares or reflections out of your eyes. Lines and angles designed to use natural light reflections and shadow play to keep user's eye aligned and focused on the target. The rear sight is designed with a negative angle so that the shooter will see the back wall as dark as possible to give total focus on the sights. The line running down the middle of the rear sight is there to catch light from above and create a "line" illusion in which the shooter can use it to assist in aiming. The front sight can be painted to user's color preference or use glow-in-the-dark paint to customize the look and use of the sights. Made from SUS630 hardened stainless steel, the Strike Iron Sights For (Suppressor Height) is engineered to be as robust as possible while giving you one of the most budget friendly options on the market. The Strike Iron Sights (Standard Height) give you the best affordable option so you can throw away those plastic or boring OEM steel sights. Designed to help with proper sight alignment and keep the shooter's eyes focused, there is natural light that is seen on both sides of the front sight between the u-notch rear sight. # SIG SAUER P320 Iron Sight Sets Safety Instruction Guide

## Introduction

Thank you for choosing the SIG SAUER P320 Iron Sight Sets by Strike Industries. This guide provides essential safety instructions and guidelines to ensure the safe use of your new sights. Please read this document carefully and follow all instructions to maximize safety and performance.

## General Safety Guidelines

- Always ensure that your firearm is unloaded before installing or adjusting the sights.
- Use the sights only on compatible firearms as specified by the manufacturer.
- Keep the sights out of reach of children and unauthorized users.
- Regularly inspect the sights for any signs of damage or wear. Do not use damaged sights.
- Avoid using the sights in extreme weather conditions that may affect their performance.
- Always wear appropriate eye protection when using firearms equipped with these sights.

## Specific Safety Precautions for Use

- Ensure a proper fit of the sights on your firearm. Incorrect installation can lead to misalignment and potential accidents.
- Do not modify the sights in any way, as this may compromise their integrity and safety.
- When aiming, maintain a proper shooting stance to ensure stability and control.
- Be aware of your surroundings and ensure that your shooting area is safe and secure.
- Never point the firearm at anything you do not intend to shoot.
- Follow all local laws and regulations regarding the use of firearms and accessories.

## Instructions for Installation and Usage

### Installation

#### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a screwdriver and any other tools specified by the manufacturer.

#### 2. Removing Old Sights:

- If applicable, remove the existing sights according to the manufacturer's instructions.

#### 3. Installing New Sights:

- Align the new front sight with the designated mounting area on the slide.
- Secure the front sight using the appropriate screws or mounting hardware.
- Repeat the process for the rear sight, ensuring it is properly aligned for optimal sight picture.

#### 4. Final Checks:

- Tighten all screws securely but do not overtighten, as this may damage the sights.
- Ensure that both sights are aligned and securely mounted before using the firearm.

## **Usage**

- When using the sights, ensure proper sight alignment by focusing on the front sight while keeping the target in view.
- Adjust your stance and grip as necessary to maintain comfort and control.
- Practice regularly to become familiar with the sight picture and improve accuracy.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the sights become damaged beyond repair, follow local guidelines for the disposal of metal and plastic components.
- Do not dispose of the sights in regular household waste if they contain hazardous materials.

## **Contact Information for Further Support**

For any inquiries or support regarding the SIG SAUER P320 Iron Sight Sets, please refer to the manufacturer's contact information provided with the product. It is essential to have access to a reliable source for any safety concerns or product issues.

Thank you for your attention to these safety instructions. Your safety and the safety of others is paramount when using firearms and their accessories. Always prioritize safety and responsible handling.
