

# ARGOS HD 20-60X85MM SPOTTING SCOPE - 20-60X85MM 45 ANGLED SPOTTING SCOPE

[Home](#)

Athlon designed the Argos family of spotting scopes with good optical quality and ease of use in mind. The Argos spotting scope features their wind band fully multi-coated lenses and porro prisms with phased coating. They bring great clarity and brightness within the reach of all enthusiasts. The light-weight composite chassis protected by rubber armor is fog proof, waterproof, and filled with nitrogen gas to prevent internal fogging and promote better thermal stability. The product comes with a specially designed soft case allowing you to mount the spotting scope on a tripod and use it with the soft case on it all the time.

# Safety Instruction Guide for ARGOS HD 2060X85MM SPOTTING SCOPE

## Introduction

Thank you for choosing the ARGOS HD 2060X85MM Spotting Scope. This guide is designed to provide you with essential safety instructions to ensure the safe and effective use of your spotting scope. Please read this guide carefully before using the product to maximize your enjoyment and safety.

## General Safety Guidelines

- Always use the spotting scope in accordance with the manufacturer's instructions to prevent accidents and injuries.
- Ensure that the spotting scope is securely mounted on a tripod or stable surface during use to avoid falls or damage.
- Keep the spotting scope out of reach of children and vulnerable individuals to prevent misuse or accidents.
- Regularly inspect the spotting scope for any signs of damage or wear. Do not use if damaged.
- Avoid using the spotting scope in extreme weather conditions, such as heavy rain or high winds, unless it is specifically designed for such conditions.

## Specific Safety Precautions for Use

- Do not look directly at the sun through the spotting scope, as this can cause serious eye damage.
- Avoid using the spotting scope while in motion, such as walking or driving.
- When adjusting the magnification, do so carefully to avoid sudden movements that may cause the scope to slip or fall.
- If using the scope for extended periods, take regular breaks to avoid eye strain.
- Ensure the lens caps are removed before use to avoid obstructed views.

## Instructions for Installation and Usage

### 1. Unpacking the Spotting Scope

- Carefully remove the spotting scope from its packaging.
- Inspect all components to ensure nothing is damaged or missing.

### 2. Mounting the Spotting Scope

- Attach the spotting scope to a tripod using the mounting plate.
- Ensure that the scope is securely fastened and stable before use.

### 3. Adjusting the Spotting Scope

- Use the focus ring to adjust the clarity of the view.
- Rotate the zoom ring to change the magnification between 20x and 60x as needed.

### 4. Using the Spotting Scope

- Point the spotting scope at the desired object and adjust the focus until the image is clear.
- Use the eyepiece to observe through the scope, ensuring a comfortable viewing position.

### 5. Cleaning and Maintenance

- Use a soft, lintfree cloth to clean the lenses. Avoid using harsh chemicals.
- Store the spotting scope in a cool, dry place when not in use.

## **Disposal Instructions**

- Dispose of the spotting scope and any packaging materials in accordance with local regulations.
- Do not dispose of the spotting scope in regular household waste if it contains batteries or electronic components. Check for proper recycling facilities.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety or functionality of your ARGOS HD 2060X85MM Spotting Scope, please refer to the manufacturer's contact information provided in the product documentation or on the official website.

By following these safety instructions, you can ensure a safe and enjoyable experience with your ARGOS HD 2060X85MM Spotting Scope. Thank you for your attention to these guidelines.
