

ARGOS HD 20-60X85MM SPOTTING SCOPE - 20-60X85MM STRAIGHT ANGLE SPOTTING SCOPE

[Home](#)

Athlon designed the Argos family of spotting scopes with good optical quality and ease of use in mind. The Argos spotting scope features their wind band fully multi-coated lenses and porro prisms with phased coating. They bring great clarity and brightness within the reach of all enthusiasts. The light-weight composite chassis protected by rubber armor is fog proof, waterproof, and filled with nitrogen gas to prevent internal fogging and promote better thermal stability. The product comes with a specially designed soft case allowing you to mount the spotting scope on a tripod and use it with the soft case on it all the time.

Safety Instruction Guide for ARGOS HD 2060X85MM SPOTTING SCOPE

Introduction

Thank you for choosing the ARGOS HD 2060X85MM Spotting Scope. This guide provides essential safety instructions and information to ensure the safe and effective use of your spotting scope. Please read this guide carefully and keep it for future reference.

General Safety Guidelines

- Ensure the spotting scope is used only for its intended purpose.
- Always supervise children when using the spotting scope.
- Inspect the spotting scope before each use for any signs of damage or wear.
- Do not attempt to disassemble or modify the spotting scope.
- Store the spotting scope in a safe and dry location when not in use.
- Avoid exposing the spotting scope to extreme temperatures or humidity.
- Do not use the spotting scope while driving or operating machinery.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Handling:** Always handle the spotting scope with care to avoid dropping or damaging it.
- **Cleaning:** Use a soft, dry cloth to clean the lenses. Do not use harsh chemicals or abrasive materials.
- **Tripod Use:** When using a tripod, ensure it is stable and securely attached to the spotting scope.
- **Weather Conditions:** Do not use the spotting scope in heavy rain or extreme weather conditions, as this may damage the product.
- **Eye Protection:** Be cautious when viewing bright objects, as prolonged exposure can harm your eyesight.
- **Children:** Keep the spotting scope out of reach of children when not in use to prevent accidents.

Instructions for Installation and Usage

1. **Unboxing:** Carefully remove the spotting scope from its packaging. Check for all included components.
2. **Attaching to Tripod:**
 - Locate the tripod mount on the bottom of the spotting scope.
 - Align the mount with the tripod head and securely tighten it.
3. **Adjusting the Scope:**
 - Use the focus knob to adjust the clarity of the image.
 - Rotate the eyepiece to find a comfortable viewing position.
4. **Zooming:**
 - Rotate the zoom ring to adjust the magnification from 20x to 60x as needed.
5. **Storing:**
 - Place the spotting scope in the provided soft case when not in use to protect it from dust and scratches.

Disposal Instructions

- Dispose of the spotting scope in accordance with local regulations for electronic waste.
- Do not dispose of the spotting scope in regular household waste.
- If the spotting scope is damaged beyond repair, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the ARGOS HD 2060X85MM Spotting Scope, please refer to the manufacturer's contact information provided in the product packaging or visit the manufacturer's website.

Thank you for your attention to these safety instructions. Enjoy your experience with the ARGOS HD 2060X85MM Spotting Scope!
