# Safety Instruction Guide for Athlon Precision Picatinny Aluminum Scope Rings 34mm (1.069") Medium Rings

## Introduction

Thank you for choosing the Athlon Precision Picatinny Aluminum Scope Rings. Designed for precision rifles, these scope rings provide a reliable and secure mounting solution. This guide aims to ensure your safety and the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure safe use of the product by following all instructions provided.
- Be aware of potential risks associated with improper installation or usage.
- All consumers, including those purchasing online, have the same safety protections as those shopping in physical stores.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates regularly on the EU's Safety Gate platform.
- For any safety inquiries, contact the designated EU contact point for this product.

## Specific Safety Precautions for Use

- Always inspect the scope rings for damage before installation.
- Ensure that the scope rings are compatible with your scope and rifle.
- Do not exceed the recommended weight limit for the scope rings.
- Avoid using the scope rings in extreme environmental conditions unless specified.
- Keep the product out of reach of children and vulnerable individuals.
- Use appropriate tools for installation to avoid damaging the product.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools: a torque wrench, screwdriver, and any other required tools.
- Ensure that the rifle is unloaded and pointed in a safe direction during installation.

### 2. Installation Steps:

- Locate the mounting points on your rifle's Picatinny rail.
- Position the scope rings on the rail at your desired location.
- Using the torque wrench, tighten the screws to the manufacturer's recommended torque specifications. Avoid overtightening as this may damage the scope or rings.
- Place your scope into the rings and adjust for proper eye relief and alignment.
- Securely tighten the scope ring screws, ensuring the scope is stable and does not move.

### 3. Usage:

- Regularly check the tightness of the scope rings, especially after initial use and after transport.
- If you notice any movement or loosening, retorque the screws as necessary.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling the aluminum material if local facilities are available.

## **Contact Information for Further Support**

For any questions or concerns regarding the Athlon Precision Picatinny Aluminum Scope Rings, please refer to the designated EU contact point for assistance.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience with confidence and safety!
