GGP Slide Completion Kits for Glock® Safety Instruction Guide

Introduction

Thank you for purchasing the GGP Slide Completion Kit for Glock®. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before installation or use.

General Safety Guidelines

- Ensure that the product is used only as intended, in accordance with the manufacturer's instructions.
- Always handle firearms and their components with care and respect.
- Keep all components out of reach of children and unauthorized users.
- Be aware of your surroundings when using firearms and follow all local laws and regulations.
- Regularly inspect all components for wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Before installation, ensure that the firearm is unloaded and the magazine is removed.
- Wear appropriate safety gear, including eye protection, when handling firearm components.
- Avoid using the slide completion kit with incompatible models or parts.
- Ensure that all components are installed correctly and securely to avoid malfunctions.
- Do not attempt to modify or alter any components, as this may compromise safety and reliability.
- If you are not familiar with firearm assembly, seek assistance from a qualified gunsmith or professional.

Instructions for Installation and Usage

1. Preparation

- Ensure that your workspace is clean and free from distractions.
- Gather all necessary tools for installation, including a punch tool and a small hammer.

2. Installation Steps

- Carefully unpack the GGP Slide Completion Kit and verify that all components are included:
 - 174 PH Stainless Steel Striker
 - 174 PH Stainless Steel 9mm Extractor
 - 174 PH Stainless Steel Extractor Depressor Plunger
 - 174 PH Stainless Steel Striker Safety
 - GGP 6061T6 Aluminum Back Plate
 - 5.5lb Striker Safety Spring
 - Extractor Depressor Plunger Spring
 - Striker Safety Spring
 - GGP Striker Channel Liner
 - Striker Spacer Sleeve
 - Striker Spring Cups (2)
 - Extractor Depressor Plunger Bearing

- Follow these steps to install the components:

1. Install the striker safety spring into the striker safety.
2. Insert the extractor depressor plunger spring into the extractor depressor plunger.
3. Attach the striker safety to the slide, ensuring it is positioned correctly.
4. Insert the striker and extractor into the slide, ensuring they are aligned properly.
5. Secure the back plate onto the slide using the appropriate screws.
6. Doublecheck that all components are securely installed and functioning correctly.

3. PostInstallation Checks

- After installation, perform a function check to ensure proper operation.
- Ensure that the slide cycles smoothly and that all safety features are operational.
- If any issues are detected, disassemble the slide and inspect all components for proper installation.

Disposal Instructions

- Dispose of any damaged or unused components in accordance with local regulations.
- Do not dispose of components in regular household waste. Check with local waste management for proper disposal methods.
- Ensure that all firearms and their components are stored securely and safely when not in use.

Contact Information for Further Support

For any questions or concerns regarding the GGP Slide Completion Kit, please refer to your local retailer or authorized dealer for assistance. They can provide further guidance and support related to product safety and usage.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your GGP Slide Completion Kit for Glock®. Thank you for choosing our product, and stay safe!
