

1911 DROP-IN TRIGGER UNIT - NIGHTHAWK CUSTOM 1911 DROP-IN TRIGGER, BLACK NITRIDE

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

When looking to upgrade the performance of a 1911 pistol, a common improvement sought by shooters is a high-quality trigger job, with a crisp, clean break. Until now, a high-quality trigger job has never been in the realm of a "drop-in" upgrade. Nighthawk Custom has changed that with the introduction of their Drop-In Trigger System (DTS) for 1911 pistols. An all-in-one unit, the DTS replaces your existing hammer, hammer strut, sear, disconnecter, and sear spring. Your existing sear pin and hammer pin will be retained for use with the DTS, but no other parts are necessary for installation. With a steel housing securing the unit, the DTS features all Fully Machined™, stainless steel internal components. The traditional three-pronged sear spring is no longer necessary as the springs for the disconnecter and sear are built into the unit. A single-leg grip safety spring is included with the DTS to replace the existing sear spring. Never has a high-quality trigger job been this simple for 1911 shooters. The Drop-In Trigger System is designed for use in most 1911 models, and installation is simple enough that minimal gunsmithing skills are necessary. With a proper safety check and minor gunsmithing skills, our Drop-In Trigger System can give your current 1911 a high-quality trigger job in the time it takes for a routine cleaning of your pistol. Fits most quality in spec 1911's and 2011's Trigger pull: 3 3/4 - 4 lb (will vary based on your mainspring weight) 100 round break-in period

Safety Instructions for the 1911 DROPIN TRIGGER UNIT NIGHTHAWK CUSTOM

Introduction

Thank you for choosing the 1911 DropIn Trigger Unit from Nighthawk Custom. This product is designed to enhance the performance of your 1911 pistol by providing a highquality trigger job. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- **Product Safety:** Always ensure that you are using the product according to the guidelines provided. This product is intended for use with 1911 pistols only.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. You can check for updates on the EU's Safety Gate platform.
- **Online Shopping:** If purchased online, ensure the retailer complies with safety requirements to avoid counterfeit or unsafe products.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is kept out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Be aware of any alerts regarding unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- **Read All Instructions:** Before using the product, read all instructions provided in this guide.
- **Inspect the Product:** Before installation, inspect the DropIn Trigger Unit for any visible damage. Do not use if damaged.
- **Gunsmithing Skills Required:** While installation is straightforward, basic gunsmithing skills are required. If unsure, consult a qualified gunsmith.
- **Test Functionality:** After installation, ensure that the trigger functions properly before using the firearm.
- **Use Appropriate Firearm:** This trigger unit is designed specifically for 1911 models. Do not attempt to use it with other firearms.
- **Trigger Pull Weight:** Be aware that the trigger pull weight may vary based on the mainspring weight of your pistol.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch tool for pin removal and a hammer.

2. Installation Steps:

- Remove the existing hammer, hammer strut, sear, disconnecter, and sear spring from your 1911 pistol.
- Retain the existing sear pin and hammer pin for use with the DropIn Trigger Unit.
- Insert the DropIn Trigger Unit into the frame of the pistol.
- Ensure that the unit is securely in place and that all components are aligned correctly.
- Replace the sear pin and hammer pin to secure the unit in place.
- Install the singleleg grip safety spring included with the DTS to replace the existing sear spring.

3. **PostInstallation Checks:**

- Perform a safety check to ensure that the trigger functions correctly.
- Test the firearm in a safe environment to confirm proper operation.
- If you experience any issues, consult a qualified gunsmith for assistance.

Disposal Instructions

- **Dispose of Old Parts:** Old components removed during installation should be disposed of in accordance with local regulations.
- **Recycling:** Consider recycling metal parts where possible. Check local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the 1911 DropIn Trigger Unit, please reach out to your retailer or manufacturer for assistance. They can provide you with the necessary support and information.

Thank you for your attention to these safety instructions. Enjoy the enhanced performance of your 1911 pistol with the Nighthawk Custom DropIn Trigger Unit.
