# TDX GAS MANIFOLD BADGER ORDNANCE Safety Instruction Guide

## Introduction

Thank you for choosing the TDX Gas Manifold from Badger Ordnance. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE) when handling or installing the manifold.
- Do not modify the product in any way, as this may compromise safety and performance.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the manifold for signs of wear or damage before each use.
- If you notice any damage or malfunction, discontinue use immediately and seek professional assistance.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Improper installation may lead to gas leaks or malfunction.
  - The use of incompatible materials may result in corrosion or failure.
  - Highpressure systems may pose risks if not handled correctly.
- **Avoiding Hazards:**
  - Follow all installation instructions carefully to ensure a secure fit.
  - Ensure that all connections are tight and leakfree before use.
  - Do not exceed the recommended pressure limits for the manifold.
  - Use only compatible gas systems and follow the manufacturer's specifications.
- **Age and AudienceSpecific Warnings:**
  - This product is not intended for use by individuals under the age of 18 without adult supervision.
  - Ensure that all users are trained and knowledgeable about safe handling practices.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting the installation process.
- Ensure that the work area is clean and free from obstructions.

### 2. Installation Steps:

- Remove the TDX Gas Manifold from its packaging and inspect it for any visible damage.
- Align the manifold under the free float handguard.
- Secure the manifold using the two stainless set screws provided.
- Ensure that the manifold is firmly in place and does not move.

### 3. Usage Instructions:

- After installation, check all connections for leaks before using the gas system.
- Monitor the manifold during use for any signs of malfunction or leakage.
- If any issues arise, cease operation and consult a qualified technician.

## **Disposal Instructions**

- Dispose of the TDX Gas Manifold in accordance with local regulations.
- Do not dispose of the manifold in household waste.
- Contact your local waste management authority for information on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the TDX Gas Manifold, please refer to the contact information provided with your product packaging. It is important to have ready access to support for any questions or issues that may arise.

By following these safety instructions, you can help ensure a safe and effective experience with your TDX Gas Manifold from Badger Ordnance. Thank you for your attention to these important guidelines.
