# RECOIL LUG ALIGNMENT FIXTURE USER MANUAL

## Introduction

Thank you for choosing the Badger Ordnance Recoil Lug Alignment Fixture. This tool is designed to ensure the proper placement of recoil lugs during barrel installation. Please read this manual carefully to understand the safety guidelines and instructions for use.

## General Safety Guidelines

- Ensure that the tool is used in accordance with the manufacturer's instructions.
- Always wear appropriate safety gear, including safety glasses and gloves, when using this tool.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool for any damage before each use. Do not use if damaged.
- Ensure that your working environment is clean and organized to prevent accidents.
- Be aware of your surroundings and ensure that no one is in close proximity when using the tool.

## Specific Safety Precautions for Use

- Use the Recoil Lug Alignment Fixture only for its intended purpose, which is aligning recoil lugs during barrel installation.
- Avoid using excessive force when handling the tool to prevent injury or damage.
- Make sure to secure the firearm properly before beginning any work.
- Do not modify the tool in any way, as this may compromise its safety and effectiveness.
- If you experience any difficulties during use, stop and consult the instructions or seek professional assistance.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and safety equipment.
- Ensure that the firearm is unloaded and pointed in a safe direction.

### 2. Aligning the Recoil Lug

- Place the Recoil Lug Alignment Fixture on the designated area of the firearm.
- Insert the recoil lug into the fixture, ensuring it is seated properly.
- Adjust the fixture as needed to align the recoil lug with the barrel installation area.
- Doublecheck alignment before proceeding.

### 3. Installing the Barrel

- Once the recoil lug is properly aligned, proceed with the barrel installation according to the firearm's specifications.
- Follow the manufacturer's guidelines for torque settings and installation procedures.

### 4. Post-Installation Check

- After installation, inspect the firearm to ensure all components are securely in place.
- Test the alignment by gently manipulating the barrel to confirm stability.

## **Disposal Instructions**

- When the Recoil Lug Alignment Fixture is no longer needed or has reached the end of its life, dispose of it in accordance with local regulations.
- Do not dispose of the tool in regular household waste. Check for recycling options or designated disposal facilities.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the Badger Ordnance Recoil Lug Alignment Fixture, please refer to the manufacturer's contact details provided with your product packaging.
