### Add M-LOK Accessories to Your HK416

The Heckler & Koch HK416 rifle is well-known for its quality and performance capabilities, especially given its use by U.S. armed forces in recent years. However, the commercial market has exploded with M-LOK accessory attachments, and the Midwest Industries HK 416 Free-Float M-LOK Handguard enables owners of this battle rifle to take advantage of these recent additions to the firearms world. The Midwest Industries HK 416 Free-Float M-LOK Handguard is machined from durable 6061 aluminum and features a hard-coat anodized finish in black that protects against damage in rugged environments. The cross-bolt on the handguard is made from heat-treated 4140, which is finished in a phosphate coating. Available in 9-inch and 13.5-inch length. Provides seven sides of M-LOK attachment slots. Weight: 9.9 or 14 ounces, depending on model. Includes one M-LOK Picatinny rail. The Midwest Industries HK 416 Free-Float M-LOK Handguard installs with the factory barrel nut and is completely made in the USA.

# Safety Instruction Guide for HK 416 Handguard Free Float MLOK

## Introduction

Thank you for purchasing the HK 416 Handguard Free Float MLOK by Midwest Industries. This product is designed to enhance the performance and versatility of your Heckler & Koch HK416 rifle. Please read this safety instruction guide carefully to ensure safe use and maintenance of your handguard.

## General Safety Guidelines

- Ensure that the handguard is compatible with your specific model of the HK416 rifle before installation.
- Always handle firearms with care and ensure they are unloaded when installing or adjusting accessories.
- Keep the handguard and all accessories out of reach of children and unauthorized users.
- Regularly inspect the handguard for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Follow all local laws and regulations regarding firearm modifications and accessories.

## Specific Safety Precautions for Use

- Do not exceed the weight limit specified for the handguard. Overloading can cause structural failure.
- Avoid using the handguard in extreme temperatures or conditions that may compromise its integrity.
- Ensure that all MLOK attachments are securely fastened before use to prevent accidents.
- Be aware of your surroundings and ensure a safe shooting environment when using your firearm.
- If you experience any malfunctions or issues while using the handguard, cease operation and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the rifle is unloaded and the safety is engaged.
- Remove the factory handguard by following the manufacturer's instructions.
- Align the Midwest Industries HK 416 FreeFloat MLOK Handguard with the factory barrel nut.
- Secure the handguard in place using the included crossbolt, ensuring it is tightened to the manufacturer's specifications.
- Attach any MLOK accessories as needed, ensuring they are securely fastened.

### 2. Usage

- Familiarize yourself with the features of the handguard before use.
- Regularly check the tightness of the handguard and accessories during use.
- Clean the handguard with a soft cloth and mild detergent to maintain its appearance and functionality.
- Store the rifle in a safe and secure manner when not in use.

## Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding aluminum products.
- Do not dispose of the handguard in regular household waste.
- Consider recycling the aluminum material to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries or support related to the HK 416 Handguard Free Float MLOK, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and enjoyable experience with your HK 416 Handguard Free Float MLOK. Thank you for choosing Midwest Industries.
