SUREFIRE PRO LIGHT QD MOUNT M-LOK - KINETIC DEVELOPMENT GROUP SUREFIRE PRO LIGHT QD MOUNT M-LOK BLACK

The new Surefire Pro Kinect QD mount is simple and straight forward. If you have one of the new Surefire pro weapons lights with the integrated swivel adjustment mount, you can replace the included pic rail or hard mount M-LOK mount with this QD M-LOK mount. Their patented Kinect mounting system allows for easy on and off your weapon system to allow the end user to use their Surefire light on other weapons or accessories if needed. (SUREFIRE LIGHT NOT INCLUDED WITH MOUNT) The Kinect™ by KDG for M-LOK™ is a revolutionary QD mounting system that will change the way we attach accessories to our modular weapons platforms. Much like the Sidelok™ for picatinny attachment, Kinect™ insures proper and easy installation, eliminating common variables that would cause issues.(ie: over tightening) Although revolutionary, Kinect™ is quite simple in its operation. There are two spring-loaded wedges in the base of the Kinect™ mounting point. When you press the accessory or rail section down in the M-LOK™ slot, two tiny deployment triggers get pressed against the rail firing the wedges into place. There is nothing more frustrating that fiddling with an allen wrench (if you can find it) to get your accessories on an off your weapon with traditional modular rail sections. This changes the whole dynamic of the M-LOK™ system and really makes every accessory truly removable with the ability to mount it in a second when needed. Fit: Surefire Pro Weapons Lights Finish: Black Hardcoat Anodizing Color: Black Function: QD M-lok direct replacement for Surefire Pro Weapons lights. Utilizes same factory hardware

Attributes

- Name: KINETIC DEVELOPMENT GROUP SUREFIRE PRO LIGHT QD MOUNT M-LOK BLACK
- Manufacturer: KINETIC DEVELOPMENT GROUP
- Product no.: 100042866

SUREFIRE PRO LIGHT QD MOUNT MLOK Safety Instruction Guide

Introduction

Thank you for choosing the SUREFIRE PRO LIGHT QD MOUNT MLOK from Kinetic Development Group. This guide provides important safety information and instructions to ensure the proper use and installation of your product. Please read this guide carefully to maximize the safety and performance of your Surefire Pro Light QD Mount.

General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Check for any visible damage to the product before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Always use the product in a safe environment, free from hazards that could cause injury.
- Regularly inspect the mounting system for wear and tear, and replace if necessary.
- Be aware of your surroundings when using the mounted accessory to avoid accidents.

Specific Safety Precautions for Use

- Ensure that the Surefire Pro Light is securely attached to the QD MLOK mount before use.
- Avoid overtightening the mount to prevent damage to the accessory or weapon system.
- Do not modify the product in any way, as this may compromise safety and performance.
- Only use the product with compatible Surefire Pro Weapons Lights.
- If you experience any issues with the mount or accessory, discontinue use immediately and consult a qualified professional.

Instructions for Installation and Usage

Installation Steps

1. **Remove Existing Mount**: If applicable, carefully detach the existing pic rail or hard mount MLOK mount from your weapon system.
2. **Align the QD MLOK Mount**: Position the QD MLOK mount in the desired MLOK slot on your weapon.
3. **Press Down**: Firmly press the mount down into the MLOK slot. Ensure that the two deployment triggers are engaged.
4. **Check Security**: Verify that the mount is securely fastened and that there is no movement.
5. **Attach Surefire Pro Light**: If not already attached, securely connect your Surefire Pro Light to the QD MLOK mount.

Usage Guidelines

- To detach the Surefire Pro Light from the mount, simply press the deployment triggers and lift the accessory off the mount.
- Always ensure the mount is clean and free from debris to maintain optimal performance.
- Store the product in a cool, dry place when not in use to prolong its lifespan.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Do not dispose of the product in regular household waste.
- If the product is no longer usable, consider recycling components where possible.

Contact Information for Further Support

For any safety inquiries or further assistance regarding your SUREFIRE PRO LIGHT QD MOUNT MLOK, please consult the manufacturer's website or authorized retailers.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your new Surefire Pro Light QD Mount!
