TWO CHAMBER MUZZLE BRAKES SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the TWO CHAMBER MUZZLE BRAKES from MIDWEST INDUSTRIES. This guide provides essential safety instructions and precautions to ensure the safe use of this product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that all safety precautions are followed when handling firearms and muzzle devices.
- Always treat firearms as if they are loaded, even when they are not.
- Keep the muzzle pointed in a safe direction at all times.
- Store firearms and muzzle devices securely, out of reach of children and unauthorized users.
- Use only the specified caliber and type of ammunition for your firearm.
- Regularly inspect your firearm and muzzle brake for any signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Age Restrictions:** This product is intended for use by individuals who are 18 years of age or older. Ensure that minors do not have access to firearms or muzzle devices.
- **Installation:** Only install the muzzle brake on compatible firearms as specified in the product description. Consult a certified gunsmith if unsure.
- **Usage:** Do not exceed the recommended caliber limits. The MIMB10 is for .357 caliber firearms, and the MIMB11 is for 4570 caliber firearms.
- **Inspection:** Before each use, inspect the muzzle brake for any signs of damage or wear. Do not use if damaged.
- **Handling:** Always wear appropriate eye and ear protection when using firearms equipped with muzzle brakes.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and the chamber is clear.
- Gather necessary tools, including a crush washer and appropriate wrenches.

2. Installation:

- Select the correct muzzle brake for your firearm:
 - MIMB10: .410" diameter hole for .357 caliber firearms.
 - MIMB11: .500" diameter hole for 4570 caliber firearms.
- Thread the muzzle brake onto the firearm's muzzle, ensuring it is aligned properly.
- Use the crush washer to secure the muzzle brake, tightening it according to the manufacturer's specifications.
- Check that the muzzle brake is securely attached before use.

3. Usage:

- After installation, conduct a function check to ensure proper operation.

- Always follow safe firing practices when using the firearm.

Disposal Instructions

- Dispose of the muzzle brake in accordance with local regulations governing the disposal of metal products.
- Do not dispose of in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product support, please consult a certified gunsmith or contact the manufacturer directly.

Thank you for prioritizing safety and responsible usage. Enjoy your shooting experience with the TWO CHAMBER MUZZLE BRAKES from MIDWEST INDUSTRIES.
