

AR-15 HOPLITE HANDGUARDS M-LOK CARBON FIBER - AR-15 HOPLITE HANDGUARD 4.25IN CARBON FIBER M-LOK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The Brigand Arms HOPLITE Low-Profile rails meets Brigand Arms high standard for handguard strength and heat rejection, and at each length offered the HOPLITE is the lightest low-profile handguard on the market. It mounts to any AR-15 receiver (.223/5.56 and 9mm PCC) using their proprietary mil-spec hard anodized aluminum barrel nut, and includes multiple M-LOK mounting slots, to accommodate any accessory. These carbon fiber parts are conditioned for stability even during barrel heat cycling, so front iron-sights and other aiming accessories remain accurate during any rate of fire. Material: Carbon Fiber Barrel Nut: mil-spec hard anodized aluminum Free-float design with M-LOK® slots at 3, 6, 9 & 12 o'clock Compatible with both .223/5.56 and 9mm. Handguard does not require timing. Available in 4.25", 4.5", 5", and 5.5" lengths.

Safety Instruction Guide for AR15 HOPLITE Handguards MLOK Carbon Fiber

Introduction

Thank you for choosing the AR15 HOPLITE Handguards MLOK Carbon Fiber. This product is designed to enhance your shooting experience by providing a lightweight and durable handguard option for your AR15 platform. To ensure your safety and the optimal performance of this product, please read and follow the guidelines outlined in this manual.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the handguard is properly installed before use.
- Regularly inspect your handguard for any signs of damage or wear.
- Keep the handguard clean and free from debris to ensure proper function.
- Only use the handguard with compatible firearms as specified in the product description.
- Be aware of your surroundings and ensure a safe shooting environment.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.

Specific Safety Precautions for Use

- **Heat Management:** The handguard is designed to withstand barrel heat cycling; however, avoid direct contact with the handguard immediately after firing.
- **Mounting Accessories:** When attaching accessories to the MLOK slots, ensure they are securely fastened to prevent them from loosening during use.
- **Age Restrictions:** This product is intended for use by individuals aged 18 and older. Ensure that minors are supervised when using or handling firearms.
- **Vulnerable Groups:** Extra caution should be taken when the product is used near children or others who may not understand firearm safety.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing handguard by loosening the barrel nut using an appropriate tool.
- Align the new AR15 HOPLITE handguard with the receiver and attach it using the milspec hard anodized aluminum barrel nut provided.
- Tighten the barrel nut securely, following the manufacturer's torque specifications.
- Attach any desired accessories to the MLOK slots at the 3, 6, 9, and 12 o'clock positions.

2. Usage:

- Before firing, confirm that the handguard is securely attached and that all accessories are properly mounted.
- After firing, allow the handguard to cool before handling.
- Regularly check the tightness of the barrel nut and any mounted accessories during routine maintenance.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations.
- Do not dispose of the handguard in regular household waste if it is damaged or broken.
- Consider recycling options for carbon fiber materials where available.

Contact Information for Further Support

For safety inquiries or further support, please refer to the manufacturer's website or customer service.

By following these guidelines, you can ensure a safe and enjoyable experience with your AR15 HOPLITE Handguards MLOK Carbon Fiber. Your safety is our priority. Thank you for your attention to these important instructions.
