

SIERRATAC PADDED SLING - SPIRITUS SYSTEMS SIERRATAC PADDED SLING BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The SIERRATAC Sling, by Spiritus Systems. Customers have been asking Spiritus Systems for a sling for a long time, and they are pleased to have teamed up with SIERRATAC to provide you with one of the best slings on the market. The Sling was developed, and field tested by professional end users in both the LEO and Military realms. Every detail of the sling was meticulously thought out to provide the end user with an optimal solution for securing their weapon. Make no mistake, this sling was designed with real world operations in mind. Notable Features SIERRATAC Proprietary Billet Aluminum Slider allows for quick tension adjustment to the sling without the inherent danger of a tail snagging other items. The slider acts as a solid indexing point under stressful or dark conditions. The slider does have machined slots that allow the user to add a small pull tab to it if desired. Premium foam padding for added comfort during extended operations or training events. The padding encasement is constructed out of 500d Cordura and has a minimal seam that ensures that there are no rough edges that will rub the users neck raw. We do not use biding to close the encasement which can rub your neck raw after prolonged usage. Open looped ends allow the user to add whatever mounting hardware is needed to fit their needs.

Attributes

SIERRATAC Padded Sling Safety Instructions

Introduction

Thank you for choosing the SIERRATAC Padded Sling by Spiritus Systems. This sling has been designed with safety and functionality in mind, ensuring optimal performance during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure the sling is used only for its intended purpose: securing firearms.
- Regularly inspect the sling for wear and tear before each use. Look for frayed edges, damaged components, or any signs of failure.
- Keep the sling away from children and unauthorized users.
- Do not exceed the weight capacity of the sling as specified by the manufacturer.
- Avoid using the sling in wet or slippery conditions, as this may affect grip and stability.
- If you experience any discomfort while using the sling, discontinue use immediately and consult with a professional.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded when attaching or detaching the sling.
- When adjusting the sling, do so slowly and carefully to avoid sudden movements that could lead to accidents.
- Ensure that the sling is properly secured to both the firearm and your body before use.
- Be aware of your surroundings while using the sling, especially in crowded or confined spaces.
- If using the sling in tactical situations, ensure you are trained in its proper use to avoid accidents.

Instructions for Installation and Usage

1. Installation:

- Identify the mounting points on your firearm.
- Attach the sling to the designated points using the open looped ends. Ensure that the connection is secure.
- Adjust the length of the sling using the SIERRATAC Proprietary Billet Aluminum Slider to achieve the desired fit.
- Make sure the slider is locked in place to prevent accidental adjustments during use.

2. Usage:

- Place the sling over your shoulder and around your body to secure the firearm.
- Adjust the sling for comfort, ensuring it fits snugly without restricting movement.
- When transitioning between different carrying positions, ensure the firearm is secure at all times.
- Practice using the sling in a safe environment before using it in the field.

Disposal Instructions

- Dispose of the sling responsibly. If it is no longer usable, consider recycling the materials where possible.
- Do not dispose of the sling in regular household waste if it contains components that can be recycled or reused.
- Check local regulations for proper disposal methods for textile and metal materials.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the SIERRATAC Padded Sling, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your SIERRATAC Padded Sling. Always prioritize safety and be aware of your surroundings when using this product. Thank you for choosing SIERRATAC.
