

SIERRATAC PADDED SLING MULTICAM ARID

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The SIERRATAC Sling, by Spiritus Systems. Customers have been asking Spiritus Systems for a sling for a long time, and they are pleased to have teamed up with SIERRATAC to provide you with one of the best slings on the market. The Sling was developed, and field tested by professional end users in both the LEO and Military realms. Every detail of the sling was meticulously thought out to provide the end user with an optimal solution for securing their weapon. Make no mistake, this sling was designed with real world operations in mind. Notable Features SIERRATAC Proprietary Billet Aluminum Slider allows for quick tension adjustment to the sling without the inherent danger of a tail snagging other items. The slider acts as a solid indexing point under stressful or dark conditions. The slider does have machined slots that allow the user to add a small pull tab to it if desired. Premium foam padding for added comfort during extended operations or training events. The padding encasement is constructed out of 500d Cordura and has a minimal seam that ensures that there are no rough edges that will rub the users neck raw. We do not use biding to close the encasement which can rub your neck raw after prolonged usage. Open looped ends allow the user to add whatever mounting hardware is needed to fit their needs.

Attributes

SIERRATAC Padded Sling Safety Instructions

Introduction

Thank you for choosing the SIERRATAC Padded Sling by Spiritus Systems. This safety instruction guide is designed to ensure the safe use of the sling, providing you with important information about its features, installation, and usage. Please read this guide carefully to maximize your safety and the performance of the product.

General Safety Guidelines

- Ensure the sling is used only for its intended purpose, which is to secure your weapon.
- Regularly inspect the sling for any signs of wear or damage before each use.
- Do not exceed the manufacturer's recommendations for load capacity.
- Keep the sling away from sharp objects and extreme heat to prevent damage.
- Store the sling in a cool, dry place when not in use.

Specific Safety Precautions for Use

- Always ensure that the sling is properly adjusted to fit securely around your body and weapon.
- Avoid using the sling in situations where it may become entangled with other equipment or obstacles.
- Be cautious when adjusting the tension of the sling, as sudden movements may lead to accidents.
- If using in lowlight conditions, familiarize yourself with the sling's features to prevent mishandling.
- Ensure that the sling does not obstruct your movement or visibility while in use.

Instructions for Installation and Usage

1. Installation

- Identify the mounting points on your weapon where the sling will be attached.
- Use the open looped ends of the sling to connect to the mounting hardware.
- Ensure that the connections are secure and that the sling is properly aligned.

2. Adjustment

- To adjust the tension of the sling, locate the SIERRATAC Proprietary Billet Aluminum Slider.
- Pull the slider to increase tension or push it to decrease tension.
- If desired, attach a small pull tab to the slider for easier adjustment.

3. Usage

- Once the sling is installed and adjusted, position it over your shoulder or across your body as preferred.
- Ensure that the padding is positioned comfortably against your body to prevent chafing.
- When not in use, consider securing the sling to prevent accidental deployment.

Disposal Instructions

- Dispose of the sling in accordance with local regulations for textile waste.
- Do not burn the sling, as it may release harmful substances.
- If the sling is damaged beyond repair, consider recycling the materials where possible.

Contact Information for Further Support

For any safety inquiries or concerns regarding the SIERRATAC Padded Sling, please contact the manufacturer or an authorized retailer.

Conclusion

Your safety is our priority. By following these guidelines and instructions, you can ensure a safe and effective experience with your SIERRATAC Padded Sling. Always stay informed about product recalls and safety updates through official channels. Thank you for your attention to safety.
