The Breek Arms WARHAMMER MOD2 ambi charging handle is a simple and affordable upgrade that will substantially increase the use of your AR-15.

Easily grab on either side of the handle and you can quickly charge your rifle even with large gloves with the textured grooves that are cut into the latch handles. The wide set-back latches work great for large optics. The low profile design keeps it slim and sleek looking without sacrificing functionality. Made entirely out of 7075 aluminum for added strength and durability! The new MOD2 design features improvements for further reducing gas blowback in the shooter's face. The relief cuts on the top and bottom of the stem are designed to help direct extra gas out the side and away from your face. And for any gas that does manage to go straight back, we increased the height of the shelf to better cover the back of the upper. These modifications help improve the shooting experience, especially when shooting suppressed!

# Safety Instruction Guide for AR15 WARHAMMER MOD2 Ambidextrous Charging Handle

## Introduction

Thank you for choosing the Breech Arms WARHAMMER MOD2 Ambidextrous Charging Handle. This product is designed to enhance your AR15 experience by providing a reliable and efficient means of charging your rifle. To ensure your safety and the proper use of this product, please read and follow the guidelines outlined in this safety instruction guide.

## General Safety Guidelines

- Ensure that the charging handle is compatible with your specific AR15 model before installation.
- Always handle firearms with care, following all safety protocols.
- Keep the charging handle and all firearm components away from children and unauthorized users.
- Regularly inspect the charging handle for any signs of wear or damage.
- Use the charging handle only for its intended purpose and in accordance with the manufacturer's instructions.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or using the charging handle.
- Wear appropriate eye and ear protection when firing your AR15.
- Avoid placing your face directly behind the charging handle while operating it.
- Be aware of your surroundings and ensure that the area is clear of obstructions and unauthorized individuals when using your firearm.
- If you experience any malfunctions or difficulties while using the charging handle, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation

1. Ensure your AR15 is unloaded and pointed in a safe direction.
2. Remove the existing charging handle by pulling it out of the receiver.
3. Align the Breech Arms WARHAMMER MOD2 charging handle with the receiver and insert it into the charging handle slot.
4. Ensure that the handle is securely in place and functions smoothly by pulling it back to check its operation.

### Usage

- To charge the rifle, grasp the charging handle on either side and pull it back firmly.
- Release the handle to allow it to return to its original position.
- If wearing gloves, ensure that you have a firm grip on the textured grooves for optimal control.
- After charging, visually inspect the chamber to confirm it is clear of obstructions before proceeding with firing.

## Disposal Instructions

- When disposing of the charging handle, follow your local regulations for the disposal of metal products.
- Do not dispose of the charging handle in regular household waste.

- Consider recycling options available in your area to minimize environmental impact.
