[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Breek Arms mission is to provide quality parts at competitive prices. Our newly developed RG2-S (Rigid Rail Mod2 Skeletonized) Handguard line up is an evolution from our previous lineup. Our Patent Pending locking mechanism uses a wedge block system that puts equal pressure all the way around the barrel nut. This gives better harmonics and a much stronger mounting solution especially when putting pressure on the end using a bipod or sling. The Newly Released RG2-S handguards were developed with suppressor builds in mind, each length is designed to fit a common barrel length and leave room for all types of quick attach suppressor mounting solutions. The skeletonized design shaves as much weight as possible without sacrificing the integrity of the handguard. All edges are chamfered, blasted, then Type 3 Hardcoat anodized for a smooth finish.

# Safety Instruction Guide for AR15 RG2S MLOK Handguards

## Introduction

Thank you for choosing the AR15 RG2S MLOK Handguards from Breech Arms. Our mission is to provide quality parts at competitive prices while ensuring safe and reliable use. This guide offers essential safety instructions and guidelines to help you use your new handguards safely and effectively.

## General Safety Guidelines

- Always ensure that the handguards are compatible with your firearm before installation.
- Inspect the handguards for any damage or defects prior to use.
- Follow all local laws and regulations regarding firearm modifications and accessories.
- Keep the handguards out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for updates on product recalls on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Installation Precautions:**

- Ensure that the firearm is unloaded before beginning installation.
- Use appropriate tools and follow the installation instructions carefully.

- **Usage Precautions:**

- Avoid applying excessive pressure on the handguards during use, especially when using a bipod or sling.
- Be mindful of the heat generated during firing; allow the handguards to cool down before handling.
- Do not modify the handguards in any way that may compromise their integrity or safety.

- **Age Specific Warnings:**

- This product is intended for adult use only. Keep away from children and ensure that all users are knowledgeable about firearm safety.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and safe to handle.
- Remove the existing handguard from your AR15 according to the manufacturer's instructions.
- Align the RG2S handguards with the barrel nut.
- Securely attach the handguards using the provided locking mechanism, ensuring it is tightened evenly around the barrel nut.
- Doublecheck for proper alignment and secure fit before use.

### 2. Usage:

- After installation, familiarize yourself with the handguards and their features.
- Maintain a proper grip on the firearm while aiming and firing.
- Regularly inspect the handguards for signs of wear or damage after each use.

## Disposal Instructions

- Dispose of any damaged or unusable parts in accordance with local waste disposal regulations.
- Ensure that all components are disposed of safely to prevent harm to the environment or unauthorized use.
- For further disposal instructions, consult local authorities or waste management services.
