[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Breek Arms mission is to provide quality parts at competitive prices. Our newly developed RG2-S (Rigid Rail Mod2 Skeletonized) Handguard line up is an evolution from our previous lineup. Our Patent Pending locking mechanism uses a wedge block system that puts equal pressure all the way around the barrel nut. This gives better harmonics and a much stronger mounting solution especially when putting pressure on the end using a bipod or sling. The Newly Released RG2-S handguards were developed with suppressor builds in mind, each length is designed to fit a common barrel length and leave room for all types of quick attach suppressor mounting solutions. The skeletonized design shaves as much weight as possible without sacrificing the integrity of the handguard. All edges are chamfered, blasted, then Type 3 Hardcoat anodized for a smooth finish.

# Safety Instructions for AR15 RG2S MLOK Handguards

## Introduction

Thank you for choosing the AR15 RG2S MLOK Handguards from Breech Arms. We are committed to providing quality parts that enhance your shooting experience while ensuring your safety. This guide contains essential safety instructions and guidelines to help you use our product safely and effectively.

## General Safety Guidelines

- Ensure the handguard is compatible with your AR15 model before installation.
- Always wear appropriate safety gear, including eye protection and hearing protection, when handling firearms.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the handguard for signs of wear or damage. Do not use if any damage is detected.
- Be aware of your surroundings when using firearms and ensure a safe shooting environment.

## Specific Safety Precautions for Use

- **Installation Precautions:**
  - Ensure the firearm is unloaded before beginning installation.
  - Follow the manufacturer's instructions carefully to avoid improper installation.
- **Usage Precautions:**
  - Do not exceed the manufacturer's recommended weight limit for accessories mounted on the handguard.
  - Avoid applying excessive force when using bipods or slings attached to the handguard.
- **Maintenance Precautions:**
  - Clean the handguard regularly to maintain its integrity and performance.
  - Use only recommended cleaning products to avoid damaging the anodized finish.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is completely unloaded.
- Remove the existing handguard by loosening and removing the barrel nut.
- Align the RG2S handguard with the barrel nut and slide it into place.
- Secure the handguard using the provided locking mechanism, ensuring it is tightly fitted.
- Check for any movement or looseness before proceeding to use the firearm.

### 2. Usage:

- Attach accessories such as bipods or slings to the MLOK slots as needed.
- Adjust the positioning of accessories to ensure they do not interfere with the operation of the firearm.
- Always ensure that the handguard is clear of obstructions before firing.

## Disposal Instructions

- Dispose of the handguard in accordance with local regulations.
- Do not dispose of the handguard in regular household waste if it is damaged or defective.
- Contact local waste management authorities for guidance on proper disposal methods.
