

P320/250 TXG X-SERIES FULL-SIZE GRIP MODULES - 9MM P320 TXG FULL-SIZE MEDIUM GRIP MODULE, GRAY

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

The TXG Grip Module uses tungsten-infused polymer that is then molded into the part. This patent-pending process results in a grip module that has the weight of steel and the flex of polymer. Install your P320 Fire Control Unit into the TXG, and you'll have one of the flattest, softest shooting pistols on the range. Requires complete P320 Fire Control Unit and X5 or Full-size slide assembly. Grip Module overall weight is 13.3oz. *Please note: This grip module does not include the extended magwell and internal weight. The X-Series Grip Modules will only fit new style magazines with the circular SIG SAUER logo and square locking tab on the bottom of the basepad. Mags marked "SIG SAUER" with circular locking tabs require modification to properly fit. Newer style basepads and locking plates are available for sale.

Attributes

- Name: [9MM P320 TXG FULL-SIZE MEDIUM GRIP MODULE, GRAY](#)
- Manufacturer: [SIG SAUER, INC.](#)
- Product no.: 100043015
- Mfr. No.: 8900036

P320/250 TXG XSERIES FULLSIZE GRIP MODULES 9MM Safety Instructions

Introduction

Thank you for choosing the P320/250 TXG XSERIES FULLSIZE GRIP MODULES 9MM. This guide provides essential safety instructions to ensure the safe and effective use of your grip module. Please read this document carefully before use and keep it for future reference.

General Safety Guidelines

- Ensure that the grip module is installed correctly before use.
- Always handle firearms with care and follow all safety protocols.
- Keep the grip module and all related components out of reach of children and unauthorized users.
- Regularly inspect your grip module for any signs of wear or damage.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about recall updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to malfunction.
 - Use of incompatible magazines can cause firearm failure.
- **Avoiding Hazards:**
 - Always use the correct P320 Fire Control Unit and compatible slide assembly.
 - Ensure that only magazines with the circular SIG SAUER logo and square locking tab are used.
 - Do not modify the grip module or its components unless specified by the manufacturer.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded before beginning installation.
- Remove the existing grip module from your P320 Fire Control Unit.
- Insert the Fire Control Unit into the TXG grip module, ensuring proper alignment.
- Securely attach the grip module to the Fire Control Unit.
- Install the X5 or Fullsize slide assembly as per the manufacturer's instructions.

2. Usage:

- Confirm that the grip module is securely attached before each use.
- Practice safe firearm handling at all times.
- Regularly clean and maintain the grip module to ensure optimal performance.

Disposal Instructions

- Dispose of the grip module in accordance with local regulations.
- Do not dispose of the grip module in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the P320/250 TXG XSERIES FULLSIZE GRIP MODULES 9MM, please consult your local authorized dealer or the manufacturer's website for assistance.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your P320/250 TXG XSERIES FULLSIZE GRIP MODULES 9MM. Thank you for your attention to safety.
