

# P320/250 X-SERIES GRIP MODULE COMPACT 9/40/357 - 9/40/357 COMPACT LARGE GRIP MODULE, COYOTE

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

Install your P320/P250 firing control unit into this Grip Module Assembly to convert to a P320 or P250 compact chambered in 9mm Luger, .357 SIG, .40 S&W with your selected grip size. Requires the 9mm Luger, .357 SIG and .40 S&W slide and barrel. Designed to function with compact and sub-compact slide. Attention: Not designed for the full-size P320. Will not cover the full-size dust cover leaving the recoil spring and guiderod exposed. Please Note - The X-Series Grip Modules will not work with magazines that have "SIG SAUER" on the baseplate. They are compatible with the baseplates that have the SIG Mark on it.

# P320/250 XSERIES Grip Module Safety Instruction Guide

## Introduction

Thank you for choosing the P320/250 XSERIES Grip Module. This guide provides important safety instructions to ensure the safe use and installation of your Grip Module. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the Grip Module is compatible with your P320/P250 firing control unit and is used with the correct slide and barrel.
- Always handle your firearm safely and responsibly, following all local laws and regulations.
- Store the Grip Module and any associated components in a secure location, away from children and unauthorized users.
- Regularly inspect the Grip Module for any signs of wear or damage before use.
- If you notice any irregularities or issues with the Grip Module, discontinue use immediately and consult a qualified professional.

## Specific Safety Precautions for Use

- This Grip Module is designed for use with compact and subcompact slides only.
- Do not attempt to use this Grip Module with a fullsize P320, as it will not cover the fullsize dust cover, leaving the recoil spring and guiderod exposed.
- The XSeries Grip Modules are not compatible with magazines that have "SIG SAUER" on the baseplate. Use only magazines with the SIG Mark on the baseplate.
- Ensure that the Grip Module is securely attached to the firing control unit before use.
- Always ensure that the firearm is unloaded before installing or removing the Grip Module.

## Instructions for Installation and Usage

1. **Unloading the Firearm:** Before beginning the installation, ensure that your firearm is completely unloaded. Remove the magazine and check the chamber.
2. **Removing the Existing Grip Module:**
  - Locate the takedown lever and rotate it to the unlock position.
  - Carefully remove the existing grip module from the firing control unit.
3. **Installing the New Grip Module:**
  - Align the firing control unit with the new Grip Module.
  - Press firmly to ensure that the Grip Module is securely attached to the firing control unit.
  - Rotate the takedown lever back to the locked position.
4. **Checking Compatibility:** Confirm that the selected slide and barrel are compatible with the Grip Module.
5. **Final Inspection:** Inspect the assembly to ensure that all components are properly secured and there are no visible gaps.

## Disposal Instructions

- Dispose of the Grip Module and any associated components in accordance with local regulations for hazardous waste.
- Do not dispose of the Grip Module in regular household waste. Check for local recycling programs or hazardous waste disposal sites.

## **Contact Information for Further Support**

For additional support or inquiries regarding the P320/250 XSERIES Grip Module, please contact the manufacturer or your local authorized dealer. Ensure you have your product details available for reference.

By following these guidelines, you can ensure a safe and effective experience with your P320/250 XSERIES Grip Module. Thank you for your attention to safety!
