

P320/250 X-SERIES GRIP MODULE COMPACT 9/40/357 - 9/40/357 COMPACT MEDIUM GRIP MODULE, COYOTE

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

Install your P320/P250 firing control unit into this Grip Module Assembly to convert to a P320 or P250 compact chambered in 9mm Luger, .357 SIG, .40 S&W with your selected grip size. Requires the 9mm Luger, .357 SIG and .40 S&W slide and barrel. Designed to function with compact and sub-compact slide. Attention: Not designed for the full-size P320. Will not cover the full-size dust cover leaving the recoil spring and guiderod exposed. Please Note - The X-Series Grip Modules will not work with magazines that have "SIG SAUER" on the baseplate. They are compatible with the baseplates that have the SIG Mark on it.

P320/250 XSERIES Grip Module Safety Instructions

Introduction

Thank you for choosing the P320/250 XSERIES Grip Module. This guide provides important safety instructions and guidelines to ensure the safe use and installation of your grip module. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the grip module is compatible with your P320 or P250 firing control unit.
- Always handle your firearm with care and follow all standard safety practices.
- Store the grip module in a safe location, away from children and unauthorized users.
- Check for any visible damage to the grip module before installation. Do not use if damaged.
- Regularly inspect your grip module for signs of wear or damage.

Specific Safety Precautions for Use

- This grip module is designed for use with the P320 and P250 compact models only. It is not suitable for fullsize models.
- Ensure that the grip module is properly installed before using the firearm.
- Do not attempt to modify the grip module in any way, as this may compromise safety.
- Use only the recommended slides and barrels for the P320/P250 models (9mm Luger, .357 SIG, .40 S&W).
- Be aware that the grip module will not cover the fullsize dust cover, leaving the recoil spring and guiderod exposed.
- The XSeries Grip Modules are not compatible with magazines that have "SIG SAUER" on the baseplate. Use only magazines with the SIG Mark.

Instructions for Installation and Usage

1. Preparation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools for installation.

2. Installation Steps

- Remove the existing grip module from your P320 or P250.
- Carefully install the firing control unit into the new grip module.
- Align the grip module with the frame of the firearm.
- Secure the grip module in place according to the manufacturer's instructions.

3. PostInstallation Check

- Verify that the grip module is securely attached and that there are no gaps.
- Check that all controls function properly before using the firearm.

4. Usage

- When using the firearm, maintain proper grip and stance.
- Always keep your finger off the trigger until ready to shoot.

- Be mindful of your surroundings and ensure a safe shooting environment.

Disposal Instructions

- Dispose of the grip module responsibly in accordance with local regulations.
- Do not throw the grip module in regular household waste.
- Contact local waste disposal services for guidance on proper disposal methods.

Contact Information for Further Support

- For any inquiries regarding safety or product issues, please reach out to your local authorized SIG SAUER distributor or retailer.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your P320/250 XSERIES Grip Module. Always prioritize safety and responsible firearm handling.
