

# GRIP MODULE FOR SIG SAUER P250 & P320 X-CARRY HANDGUNS - 9/40/357 CARRY SMALL GRIP MODULE, COYOTE

[Handgun Parts](#) > [Grip Parts](#) > [Grips](#)

Install your P250 or P320 firing control unit into this Grip Module Assembly to convert to a P250 or P320 X-Series Carry size, chambered in 9mm Luger, 357 SIG, 40 S&W. Requires the 9mm Luger, 357 SIG and 40 S&W slide and barrel. \*Please note: This grip module DOES NOT include the extended magwell and internal weight. The X-Series Grip Modules will not work with magazines that have "SIG SAUER" on the baseplate. They are compatible with the baseplates that have the SIG Mark on it.

# GRIP MODULE FOR SIG SAUER P250 & P320 XCARRY HANDGUNS Safety Instruction Guide

## Introduction

Thank you for purchasing the Grip Module for SIG Sauer P250 & P320 XCarry Handguns. This guide provides essential safety instructions and information regarding the installation and use of the grip module. Please read this guide carefully to ensure safe handling and operation of your product.

## General Safety Guidelines

- Always handle firearms with care and ensure they are unloaded when not in use.
- Keep the grip module and all firearm components out of reach of children and unauthorized users.
- Inspect the grip module for any signs of damage before installation and use.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Be aware of your surroundings when handling firearms to prevent accidents.

## Specific Safety Precautions for Use

- Ensure that the grip module is compatible with your SIG Sauer P250 or P320 model before installation.
- Do not use the grip module with magazines that have "SIG SAUER" on the baseplate; only use those with the SIG Mark.
- Do not attempt to modify or alter the grip module in any way, as this may compromise safety and functionality.
- Always store your firearm in a secure location when not in use, preferably in a locked safe.
- If you experience any malfunctions or issues with the grip module, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation of the Grip Module

- Ensure the firearm is unloaded.
- Remove the slide and barrel from the P250 or P320 firing control unit.
- Insert the firing control unit into the grip module assembly.
- Ensure that the unit is seated properly and securely within the grip module.
- Reattach the slide and barrel that are compatible with 9mm Luger, 357 SIG, or 40 S&W.

### 2. Usage of the Grip Module

- Always perform a function check after installation to ensure proper operation.
- Familiarize yourself with the grip module's feel and handling before using the firearm in a live environment.
- Maintain a proper grip and stance while handling the firearm to enhance control and accuracy.

### 3. Maintenance

- Regularly inspect the grip module for wear and tear.
- Clean the grip module according to the manufacturer's recommendations to ensure longevity and performance.
- Replace the grip module if it shows significant damage or wear.

## **Disposal Instructions**

- Dispose of the grip module in accordance with local regulations regarding plastic waste.
- Do not dispose of the grip module in regular household waste.
- If the grip module is damaged beyond use, consider recycling options available in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or usage of the grip module, please refer to the manufacturer's website or customer support resources. Always ensure that you are using the most up-to-date information available.

By following these guidelines and instructions, you can ensure safe and effective use of your Grip Module for SIG Sauer P250 & P320 XCarry Handguns. Thank you for prioritizing safety in your firearm handling practices.
