

# FAST OPTIC RISER - UNITY TACTICAL FAST OPTIC RISER BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

FAST Riser securely elevates block-type red dot optics with a standard lower 1/3 cowitness picatinny mount to a 2.26" optical center line. FAST™ Riser provides an elevated M1913 Picatinny platform for direct attachment of optics such as EOTech EXPS®, Leupold LCO®, Vortex UH-1®, and other "lower 1/3" optics\*. \*Technically, the FAST™ Riser will support "absolute cowitness" optics such as EOTech XPS®, Sig Sauer Romeo8H®, etc. But, compatibility with the FAST™ FTC Magnifier Mount will be limited. The FAST™ Riser comes standard with a rail-grabber clamp. A Flip-Up Offset Backup Rear Iron Sight module can be purchased separately. This feature will provide fast-transition BUIS capability to the FAST™ Riser. The Offset Rear Iron Sight Module is 100% compatible with existing Offset Front Sights such as those available from MAGPUL, Dueck Defense, Midwest Industries, and Knights Armament Company. The FAST™ Riser is built from 7075-T6 Aluminum and Type III Hardcoat Anodized Black or FDE.

## Attributes

- Name: [UNITY TACTICAL FAST OPTIC RISER BLACK](#)
- Manufacturer: [UNITY TACTICAL](#)
- Product no.: 100043330
- Mfr. No.: FST-ORB

# FAST Optic Riser Safety Instruction Guide

## Introduction

Thank you for choosing the FAST Optic Riser from UNITY TACTICAL. This guide provides essential safety instructions to ensure safe and effective use of your product. Please read this document thoroughly before installation and use.

## General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Regularly inspect the FAST Optic Riser for signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the FAST Optic Riser with compatible optics such as EOTech EXPS®, Leupold LCO®, and Vortex UH1®.
- Ensure that the mounting surface is clean and free from debris before installation.
- Avoid overtightening screws and clamps during installation to prevent damage.
- Do not modify the FAST Optic Riser in any way, as this may compromise safety and performance.
- Use protective eyewear when handling or adjusting optics to avoid injury.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools for installation, including a torque wrench.
- Ensure you are in a welllit and safe environment.

### 2. Installation Steps

- Position the FAST Optic Riser on the desired mounting location on your firearm's Picatinny rail.
- Align the railgrabber clamp with the rail slots.
- Secure the clamp using the provided screws. Ensure screws are tightened to manufacturer specifications using a torque wrench.
- If applicable, attach the FlipUp Offset Backup Rear Iron Sight module according to its user manual.

### 3. Usage Instructions

- Once installed, check the stability of the FAST Optic Riser before use.
- Adjust your optics as necessary for proper alignment and sight picture.
- Regularly check the mounting screws to ensure they remain secure during use.

### 4. PostUse Care

- Clean the FAST Optic Riser with a soft, dry cloth to remove any dust or debris.
- Store the product in a cool, dry place when not in use.

## Disposal Instructions

- Dispose of the FAST Optic Riser according to local regulations for electronic waste and aluminum

materials.

- Do not dispose of the product in regular household waste.

## Contact Information for Further Support

For any questions or concerns regarding the FAST Optic Riser, please refer to the manufacturer's contact information provided on the product packaging or visit the official website.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your FAST Optic Riser.
